## 1. Chapter 1

**I am a student in Konoha Highschool, a member of the Senju clan a pretty fameous once since we own around 40% of the wood industry in Tokyo. Not that i want to show off but i am a pretty good student both excellent in marks and aikido, even a champion in that sport. I live alone with my big brother since our parents have settled in Europe. I don't miss them. I don't remember when was the last time i have seen them. Maybe starting 1st grade or so? I honestly don't rememer, nor i care. Once I turn 18 we will move to live with them.**

**So in addition, my life is perfect or it used to be until he came back in my life. **

**My name is Tobirama Senju and this is my story for the boy that i used to love.**

## 2. I came for you

**CHAPTER ONE**

_**I came for you**_

"Weak up" Tobirama felt somebody slightly pushing him on the shoulder in attempt to weak him up.

"Just a few minutes more" he mumrled, desperately trying to ignore his biger's brother screams.

"Tobi, it's the first day of school. Are you seriosly going to be late?"

"Shit!" the albino jumped from his bed. "What's the time?" he had been staring to panic.

"Rleax" a loud laugh came from Hashirama's throat "you have around half hour to prepare." the brunette pettet his younger brother on the head. Tobirama sighed in relief.

* * *

><p>On his way to school Tobirama was with his headphones listening to his favourite mix. It was unusuall for him to oversleep and be late but thanks god Hashirama had woken him on time. Was it because of the dream he had? Was that the reason why he didn't hear his alarm? The albino tightened his fist.<p>

~the dream

_On his way back home from the first day of school Tobirama saw a familiar face. Could it really have been him? He shook his head to escape the reality but it seemed that ir really was Izuna. Tobirama's heart had started to beast fast, palms had started to sweat. Yje albino fastened his steps and approached the boy who was walking in front of him. Now a few inches far away Tobirama put his hand on the male shoulder, trying to turn him around so they would face eachother. As soon as Tobirama saw the face in front of him his eyes got widen._

_"You..." he could bearly talk from the shock._

_"Oh, hey" the boy smiled._

_"Izuna... what are you doing... here... in Tokyo?" still unbeliavable that Izuna Uchiha was in front of him, Tobirama managed to ask._

_"Whats wrong? You seem really surprised. I have been searching you for so long. I came for you." _

_"For... me..?" Tobi was left speechelss. What was the raven talking about?_

_Izuna nodded._

_Izuna... Izuna... he was Tobirama's first crush. Even both being boys they didn't care. The albino and the raven would always meet at their secret place, in the olive grove during the hot summer days, trying to espace the heat. Unfortunally, one day Izuna didn't show up. It had been a week like that. The Senju would go to their place, waiting for him but no sight was seen from Izuna. Later the Senju had tound out that he moved in another city. Until today he still doesen't know the reason why. They hadn't been in touch never after breaking their bone._

_"Why did you leave? Why didn't you call me? Do you know how many questions i have to ask you?" still shocked, Tobirama's eyes got teary. It was weird for Tobi to show any emotion._

_"Hey" Izuna said softly still with a smile on his face "Calm down" the raven grabed his lover's hands in his own. "I will explain you everything" they both pressed their foreheads , almost noses being touched._

_"Izuna.. Izuna.. I had been waiting for you for so long.." the albino had closed his eyes as a tear fell down from the corner of his eye. Tobirama was ready to break down. Anger, happiness and saddness were fighting inside of him for domination. He was so happy to see the love of his childohh and yet mad since he had left him without any explanation. But right now, he had been feeling sad. In front of him was his whole world. What if he leaves again? His world was going to be broken into milion piesec once again. _

_"I love you, don't ever think i will leave you again." all could have imagined the Senju had became reality when Izuna spoke those words._

~end of dream

"Damn it!" Tobirama hissed. "Like that would ever happend. I am grown up and what is in past, stays in past. Plus that, like i would ever be so emotional. I am like ice." Tobirama laughed at himself. That stupid dream should be forgotten. But it was strange why after so many years Izuna would appear in hsi mind just now, even if it was just imaginary. Well, Tobirama didn't bother to question and just opened the classroom door , where he sat at his usuall place. He was sitting all alone and totally enjoyed it. Enough space and no one to be annoyed from. He sighed when the rang bell for starting the school year.

A woman entered the room , greeting the class. It was the teacher.

"Hello my dear students," Tobi didn't pay attention to what she was saying. These kind of stuffs were just a waste of time, it would be better if the lessons had started to they would end faster, but he heared mentioning his name.

"and since Tobi sists alone , and it is the only place free left, from tomorrow he is going to have company. We are going to have new member in our class but due to problems he wouldn't be able to come today"

"Tch, what loser" Tobi whishpered "not being able to come on the first day when he's a newbie" he laughed quietly.

* * *

><p>"So, is there something new in higschool?" Hashirama asked as he grabbed the fork ready to eat his dinner.<p>

"Umm... nothing interesting, just that we are going to have a new classmate"

"Going to?" Hashirama was confused.

"Yea, he didn't show up on the first day of school because he had been "facing" problems" the Senju chuckled.

"Oh, I see." his older brother continued. "we have new guy in the university too, but it's not so important. You know that this year is very important for you, right? It's your last and once you graduate we are moving to dad. I expect you to have goood marks... otherwise ..."

"Otherwise what?" Tobi laughed. "I know, I know, I am pretty good student, plus that I am not getting easily distracted" he winked at his brother.

"Ooh, you're saying that you have tons of fangirls or what?" Hashi joked.

Both males laughed.

"You know, it's really about time for you to find yourself a girlf-"

"Yea, yea, whatever. You'd better focus on your dinner or it will cool off"

Hashirama smiled at his brother, always avoiding that theme. He sometimes thought that Tobirama would never find the girl of his life and end up dying alone, not able to make any family. He wished that his little brother was sometimes more sociable. But he continued eating his meals, leaving the thoughts for later.

3. The new classmate

**CHAPTER TWO**

**_The new classmate_**

Tobirama was sitting on his desk as an exemplary pupil. He had put out the book and notebook that he needed. The subject was Chemistry, he was expert in that field. No soon the bell rang and the teacher came in.

"Hello kids."

"Kids? We are almost 18teen! Ugh!" the kid in front of Tobirama whishpered, complaining by the way the woman had treated them. Tobirama smiled at his ignorance. He knew that teacher Amaya loved their class as they were her own childern. Unfortunatelly, a few students were willing to udnerstand the bond between teacher and student.

"I told you today you are going to meet your new classmate. Izuna you may come in."

Izuna? Izuna?! Did Tobirama heard right? Was it..? Well, many Izunas are in the world, why could be any Izuna. But... when their new classmate entered the Senju's eyes got wide open.

It really was Izuna.. Izuna Uchiha.

The raven entered the room, looking extremely good in his clothes. They weren't anything expensive, just a pair of jeans and white

T-shirt, yet he looked as stunning as always. His hair had grewn much longer that he had remebered it. It was on a ponytail. He had grown up into an amazing youngster.

"Hello" Izuna smiled, as polite as always "My name is Izuna Uchiha and i hope i will get along with eacho of you" his smile didn't dissapear.

A few girl's whishpers could be heared how hot and handsome the new guy is.

"Ooh! Look, the new is such a hottie! I guess the class is going to be separated in two teams. I mean, he is going to be a rival to Tobirama about appereance!" a pinkie told to her blond friend. The blond just nodded.

"Tch!" Tobirama hated being treated nicely just because of his good looking appereance. Eventually, that was the reason why he was so distances from everyone, People would see him just as a hot mess, unwilling to know his personality. In result of that, he had became cold towards everyone and anti-social. He hated being in the public eye.

"I hope too! You can sit next to Tobirama Senju. It's the only free place left actually" Teacher Amaya giggled.

Izuna thanked her and headed to his place.

Tobirama didn't remove his eyes from Izuna. He couldn't believe his eyes. Izuna in Tokyo, in this school... in the same class?! Was it reality? Was it a dream? He pinched his skin in order to weak up, but unfortunatelly it wasn't a dream.

The raven sat quetly on his place, opening his bag and putting his notebook on the desk.

"I don't have the book bought yet, can i look from yours, please?" Izuna spoke. Was he neglecting Tobirama? He acted like they were strangers? Why? He didn't recognize him or what? He played a game? Or maybe he was just ashamed of their past, since they are both males? Tobirama's head was going to explode. Today was a freaking day.

Tobirama weakly nodded, putting the book between them on the desk.

"Thanks" Izuna smiled.

_"So he is really acting like he doesen't know me." _Tobi thought _"is he playing dumb or what?__"_

The Senju cursed under his breath.

Izuna noticed that but didn't bother to ask. Maybe the albino had personal problems, wich don't consider the raven.

Tobirama was silent during the lesson, he would usually rise hand and join in sloving thechemicalequation, but now he was just lost in his thoughts.

* * *

><p>When the lesson ended, everyone got up and headed to the next cabinet where they were going to have History. Miss Amaya stopped Tobirama and Izuna before being able to go out.<p>

"Tobi, since you are the best student in class and Izuna is new here, i would like to help him with getting adapted to the place." she asked politely , smiling.

"Adapted? He can get get adapted to the place by himself." the last thing that Tobi wanted was to look after Izuna. Not to mention that it was still a shock for him.

"I mean to help him with the studies." she chucked. "You are some clever boy, aren't you."

Izuna didn't spoke during their conversation. Tobirama sighed and nodded.

"Thanks, I am counting on you!" Miss Amaya said enthusiasted.

* * *

><p>After the school lessons have ended, Tobirama headed to the school gym, where he was going to practise aikido. He thought if his mind was busy with the training, he would forget about today's Chemistry lesson. But someone pulled him by the shouled. The albino turned back just to face Izuna.<p>

"I just wanted to thank you for accepting miss Amaya's pela. I such in a few subjects so i would be glad if you help me."

Tobirama was looking Izuna directly in the eyes. Those eyes.. his onyx irises were watching him like he was a real stranger. Yet they looked so beautiful, mostly because of his long eyelashes flowing down his eyes. His featured were neither coase, nor too soft. They were perfect. But the most beautiful thing on Izuna was his lips. Tobirama remembered how even when he was kid, his upper one would be so full. Perfect for kissing, bitting and sucking.

"Hey, are you okay?" the Uchiha tilted his head so he could face Tobi's eyes since the albino was a bit taller than the raven one. "you seem lost in your thouh-"

"Whatever" Tobirama turned back to continue his way to the gym. "if you need help with something im here"

_"so rude!"_ Izu thought

But Izuna continued to follow him. "Are you going to the gym?" The Uchiha had been starting to annoy the Senju.

Tobirama nodded.

"Cool! Because i am going to practice my aikido training."

Tobirama stopped as he froze on his place. "Aikido?" he looked Izuna with questioned eyes.

"Yes?"

_Damnit, he's following me not only in school but even out of it._ thought Tobirama.

"Tch! Nothing." Tobirama hissed.

_It seems that i am annoying him, I'd better run before i got killed._ Izuna thought.

"Oh, i had forgotten my katana. You go without me, see you there" and Izuna headed to the opposite way.

_Forgot his katana? Yeah right. Katanas are being held in the gym. What a stupid excuse._

It actually was better that Izuna had left, because Tobirama wouldn't have been able to walk his way with Izuna. It hurted him that he treaded him as a stanger. Tobi let out a long and loud sigh, thinking it would be better like that.

4. 5 minutes by foot

**CHAPTER THREE**

_**5 minutes by foot**_

"Begin!"

Within a few tactics, now Tobirama was under Izuna. The Uchiha had won against the Senju.

"Wow" the teacher snorted in amazement by the fact that the best aikido student was beaten so easily. "Izuna, right? The new kid. You have won against the best aikido pupil in our school, you know? I am amazed. Very good for your start!"

Izuna passed his arm in order to help Tobirama to stand up. But Tobi slapped it and hissed. The little Uchiha frowned.

"Okay guys. You are dissmissed. Enjoy your noon." the trainer said as he went out of the room.

Tobirama headed to the exit going to the chaning room. Sinze Izu was new in this thing, he asked if the albino was going there, because he wasn't familiar with the place. The albino nodded.

When both of the males were in in the dressing room they were left only with their pants, upper bodies exposing. Izuna turned his head to look over Tobi's body. It was muscular enough to make you droll. Expecially his arms and biceps. The raven chuckled quietly.

"Is there something wrong?" Tobirama asked annoyed.

Izuna shoock his head in response as "no" and continued to seriate his stuffs in his locker. Since the Uchiha's mind was busy with his belongings, Tobi was able to chek on the boy's body as well. He was slim, and tall. But still Tobi was the taller and ... massive one. But damn that face of the Uchiha was the most georgeous. The Senju

moved his look back to his own locker, closed his eyes and hissed.

Izuna looked with the corner of his eyes at him. A second time he would hiss. It made him really uncomfortable. He hurried to put on his T-shirt.

Tobirama noticed that.

"Don't you remember me?" the boy whishpered, his vision focused on the ground.

Izuna turned his head to look at the Senju.

"You?" he slightly laughed. "I thought you didn't remember me!" the boy put his arm on Tobi's shoulder with a smile on his face.

The Senju felt his heart skipping a beat. The slight touch of that boy made him shiver. The dream he had in his previous night felt like Deja Voo. All those emotions that he had felt now were building inside of him once again. But he was cool with it. He closed his eyes in order to manage calming himself.

"What?" Tobi had been starting to get consufed. How could he forget Izuna!

Izu nodded. "Yea. I have changed a lot and bearly anyone recognizes me" well, to be told the truth it was right. The Uchiha had changed a lot, but Tobirama would never unrecognize him.

Izu continued. "It took you quite long to remember me" he laughed.

_I had never ever forgotten you._

Tobirama ignored the Uchiha, putting on his sweatshirt.

"You seem to be in hurry? I thought we could go and drink some coffee since we haven't seen eachother in so lo-" the Uchiha was intterupted.

"I have to study. Tomorrow is the Chemistry exam." indeed, Tobi lied. Yeah, like he would go out with him. The albino wanted to go home and arrange his thoughts.

"Exam?!" Izuna almost jumped in surprised.

_so cute._ the albino thought as a small smile appeared on his face.

"Please, help me with it! I suck in those chemical equations." Yes, it was alsmost unbeliavable that Izuna had a weak spot in school. All Uchihas were excellent student. Well it was normal even the genius to face some problems. But did really Tobirama had to help him? he sighed.

"Fine, but it won't be at my place." the albino didn't like visitors in his own house. He enjoyed being alone or only with his brother. Lonliness was his best friend. He didn't need anyone in his life.

Izu nodded and gave a small piece of paper to Tobirama, where it was noted down his adress. The Senju took it shoving it in his pocket without even looking at the location and went out of the room. No soon Izuna did the same.

* * *

><p>With entering the house, Tobi threw his bag on the floor, laying down on his couch. The aikido training today was realy tense and his body was hurting. He still couldn't believe that he had lost and mostly that Izuna was in his class.<p>

"Ughh!" The Senju buried his face in his palms, starting to pull a few hairs in anger. "Why are you here, damnit?!"

Tobirama had so many question running in his mind, his brain going to explode.

"I need a shower" he thought having one would free his mind from those bullshits.

* * *

><p>Entering the shower, Tobirama turned on the cold facuet. He enjoyed cold showers, well not icy ones of course! It made his whole body tense, each muscule tightened.<p>

When he was done, he grabbed a towel and wrapped it around his waist. Going to his room he threw himself on the bed, he needed some rest but unfortunatelly he had to go to Izuna's place and help with the studies. Without knowing, he had fallen asleep.

*Beep*

His phone vibrated. It was Hashirama.

"Mmm.. yes?" he murmled in sleepy voice.

"Are you sleeping? So unusuall for you. It seems that this year is going to be full of surprises" Hashi laughed.

_I had fallen asleep, damn it!_

"Brother, i will call you later! Thanks for saving my live twice in a row!" and Tobi ended the call.

He looked at the time. He was supposed to be at 6pm at Izuna's house. Now it was 5:30. He didn't know how far away he had lived so he might have been even late. He fastly grabbed the note from his jean's pocket and looked at it.

"What? Seriously?!" Izuna had lived not far away. Atually it was 5 minutes by foot. "Wow! Amazing. I just love my life, how else it could serve me?!" he said sarcastic. "Whatever Tobi, just act normal, like nothing ever had happened."

* * *

><p>Walking down the streets the albino dealt his brother.<p>

"I can talk now."

"I wanted just to tell you that tonight i won't come home. I am going out and i don't know what time i will be home"

"You haven't done that in ages."

"Yea, yea" the elder Senju laughed "I am goig to explain you later."

"Okay." and the call ended.

Tobirama turned his way in one alley, now being in front of the Uchiha's house. Izuna was in front of the door talking with some girl. He looked carefully noticing that it was Ino, the blonde from his class. She kissed him on the cheek and Izuna smiled. Why was he smiling? What were they talking about? Izuna seemed so happy. Something in Tobirama's stomach tickled. What was that feeling? Was he jealous?

_Damn it, damn it, damn it,_ was all what Tobirama could thought.

5. What's in past, stays in past

**CHAPTER FOUR**

_**What's in past, stays in past**_

"Okay, i will be going" said Ino kissing his cheek once again.

"Bye" said politely Izuna, opening the entrance door for Tobirama. "Come in"

Without saying a single word the albino entered.

"It would be better if we go to my room" Tobirama nodded and followed Izuna.

"Didn't you bring anything?" Izu asked.

Tobirama shook his head as "no". _Wow, so talkative!_ Izu thought.

Once Tobirama entered his room he was rapt by melancholy. He remembered each of their moments being together, when they used to be kids. He looked over and noticed a poster of an olive hanging on the wall. Tobirama couldn't help but chuckle. Izuna looked him confused. The Senju remembered how they would do a challange who would be able to put more olives in their mouths. He felt his heart sank. They used to be best friends, even it could have been told more than best friends.. and now.. everything was so different. Almost like strangers in eachothers eyes.

"Tobi.. are you okay?" Zu asked. His black eyes watching the albino so concernd and worried.

"I need to use the toilet." he lied.

"Sure, It's at the end of the coridor, once you turn left you will see it." said politely Zu.

Tobirama couldn't believe that he was avoiding the problem. He would always face it and deal with it, but right now it was just impossible to leave his feelings behind. They were too much and the worst was ,that they were taking over him. He always listened to his brain.. but right now .. it was impossible.

Entering the bathroom he looked at his own relfection in the mirror. Sad eyes were facing his own sad expression. He didn't notice how long he had been staying there until someone knocked on the door.

"Tobi, are you okay? You have been inside for around 10 minutes." Izu said. _maybe he's pooping, ups, sorry for disturbing_. Inner Izuna thought.

The door slowly opened from the inside. Tobirama popped with his eyes red. Izuna blinked. Had he been crying?

"T-tobi, oh god, are you okay?" the raven tired to reach his friend's face but his arm got slapped. The raven frowned. _Again?!_

"What's wrong with you?!" Zu asked.

"What's wrong with me? What's wrong with me?!" the second time Tobirama asked, he almost screamed in Izuna's face. "I should ask what's wrong with you!"

"Eh?"

"Why did you dissapear so suddenly?!" Tobirama didn't notice when those words escaped his lips.

"Why do you want to know?" Izuna asked in a little bit of raised tone.

"Because i want so!" it had started to become a hassle.

"None of your bussines Senju!" Izuna hissed. It wasn't like him to act like that. Anyone could bearly make him mad. It seemed that Tobirama was one of those people.

The Uchiha turned his back in order to head to his room but Tobirama grabbed him by the wrist, stopping him.

"Tell me!" it was more like a command.

Izuna snorted and pulled his arm from the Senju's grip, continuing walking.

"Tch!" Tobirama hissed.

Just before entering the room, the albino asked once again.

"So you won't tell me, eh?" Tobirama was getting really angry.

"Why do you want to know so much, damn it?!" did Izuna just swore?

Yea, he was even amazed by himself.

"Because-" and Tobi stopped. What was he supposed to say? The truth, hell yeah! It was impossible telling him that he still had some feelings. How dare to appear back in his life, once it had became perfect?!

Surprisingly Izuna spoke.

"My mother... 8 years ago, when we were supposed to meet at our place, at the olive grove.. we found out that she had cancer. I wanted so badly to come and share with you but it was just impossible. You might have waited me.. im so sorry for wasting your patience."

"Yea.." Tobirama whispered.

"There was no one to stay with her in the hospital. Dad had bussines trip for 2 years and my aniki had just graduated. He was busy with the university and there was no one to be beside her. The only left option was me. I would spend my whole day after school going there and taking care for mom. I would watch her getting slimmer and slimmer with each passing day. Those days were the worst in my whole life. In the following 2 weeks she passed away. She.. just gave up from life... She died in my arms. I didn't know what was happening, well.. i was just a 10 years old kid. Once she died, dad came back home. He couldn't bear living without her and made suicide. When i turned 12, brother wasn't able to take care of both of us. The money weren't enough. That's why he had to stop studying and start working in a different city, taking me with him. There we would watch over eachother. But now since we collected some money we came back in our birthtown, Granny is sick and the only sinbling we have left. He continues to study now in the university, even if he had skipped 3 years. I had fount out that you study in Konoha Higschool and asked nii-san to move me to it. I-i wanted to get back my old life and friends. B-but you seem s-so different from the past. You would get an-gry for every single thing,which-which amazed me." Izuna found it difficult to talk since tears were rolling down his cheecks. He had been starting to whimp and hic.

Tobirama was watching Izuna in the eyes as he was telling him his story. Had he really been trough so much? so, so sad. He could feel his pain. Izuna had endured so much pain and still.. he's was acting like the most happy person in the world (well around other people) For sure he was strong, both in spirit and in body. Tobirama felt like crying, but he stood frozen, unable to speak or move. Suddenly he noticed that Izu was now shaking. He pulled him into a hug, strong hug.

"Tobi.." Izu continued, lifting his head to face the albino's eyes. Still tears were capable of being noticed. "in the previous day, before finding out that mom was sick, i was going to tell you something... I was going to confess to you that i love you. It was going to be weird since we both were males and it was taboo but i seriously didn't care." the Uchiha slightly laughed.

_What? _Tobi couldn't believe what he was hearing. Was he serious? Did Izuna knew how much Tobirama had cried when he had found out that he moved? The albino didn't even believe himself that those feelings had survived trough the years, and just by seeing his ex-lover, his

heart would skip a beat. But the Uchiha continued to talk.

"It was too late telling you that i love you, because my life turned into a mess. I really wanted to talk and waste time with you through the years that i lived far awat. But now.."

_But now.. what now?! _Tobi's mind was going to explode.

"But now it's just too late... those feelings are gone."

Tobirama's heart felt broken. He didn't expect to hear that. But what had he been thinking? They were grown ups, not the the little brats from the past. Nothing could have been like before. Besides that, his motto was: **what's in past, stays in past.** and he never diddled it.

Tobirama just sighed and hugged the Uchiha thigtly, trying to calm him down. He closed his eyes so the tears would be prevented from falling down on his face. Tobirama wished for first time, that he had never met Izuna in his life.

6. Elevator

**CHAPTER FIVE**

_**Elevator**_

A week had passed since Izuna had told Tobirama the reason why he would leave the city.

The boys had been acting like friends once again. Well not like best ones, but still close enough. Tobirama had overcame his feelings towards Izuna and understood that nothing could have been changed. He had accepted the reality and he was totally okay with it.

During the Chemistry lesson, their exams were returned. Izuna looked to his paper with one eye closed, hoping that it would be B. Actually it was A.

"Eeeh?" he couldn't believe his eyes. He looked over at Tobi's and saw A+. He was amazed. "Wow, you are a Chemistry genius."

"Yea" the albino smiled.

"Thanks to you i have A, i was expecting C.. but A in Chemistry.. it's like a dream." he was talking happily.

"Glad i helped" and the school bell rang for dismissing the lesson.

"Izuna" Miss Amaya spoke "how do you feel in your new class?" she did really care for her pupils.

"Great. Thanks to Tobi I scored a good mark in the test." he said with a huge smile.

"Ooh! I am so glad you two get along"

Izu nodded.

"I actually wanted to tell you that you have to sign some documents in the local government since you are a new student here."

"Local government?" yes, Tokyo was his birthtown, but for those 8 years it had changed so much.

"You don't know it's location?"

"Nah, it's fine. I will ask Tobi."

Miss Amaya nodded. "You'd better go now because the deadline is tomorrow."

* * *

><p>"Tobi!" a familiar voice screamed his name. Tobirama turned his back to see Izuna running towards him.<p>

"Hey! Miss Amaya wants me to go to the local government to sign some documents but i had forgotten where it was."

"You remember where the centre is located?" Tobirama asked.

Izuna nodded.

"Well, they re-built it in the same place just that now some bakery is blocking your view of seeing it."

"A-ha" Izuna weakly nodded, hoping that he would find it. He was so bad at orientating. "And do you know what documents I have to sign and where?"

"They are for being a permanent student. You have to go on the second floor and ask the secretary. But.." Tobirama looked at Izuna's confused face. "are you sure you can make it by yourself?"

Izuna sighed "Can you just come with me, pelase?"

Tobirama had competely different plans for today's evening. He wanted to lay in is bed and do nothing but relax. He hadn't done that from so long. The week had been very tense since each day they were having exams.

Tobirama let out a long and loud sigh. "Fine."

* * *

><p>"Tobi, slow down, I am so tired. They have told us to go to the second floor, then the fifth, and back to the third. We might be done but my legs won't move. Can't we just take the elevator?" Izuna was panting. They had been climbing so many stairs. Izuna could already feel the muscule strain taking over him.<p>

"Come on. You're an aikido fighter, you should be used."

"Yea but, ugh!" Izuna sighed. "Wait, don't tell me that you're scared of the lift?" he was going to laugh.

Tobirama hissed "Of couse I am not!" aaand.. he lied. He was.

"I just can't stand small places." he lied once again.

Izuna raised an eyebrow. He presse the button of the elevator and it opened. "The elevator is quite big, you see." he teased Tobi.

Tobirama knew well enough Izuna to understand that he was challenging him. "Fine." he said with a smirk on his face enterint the elevator.

"See, it's not that hard." Izuna laughed.

But no soon when it started to move, the elevator stopped.

"Uh?" Izuna puffed.

On the other side, Tobirama was cusring under his breath. Izuna tried to calm down the situation.

"Don't worry. We will press the button right here and-" Izuna pressed it but nothing happend. It seemed that it had been broken. He saw a label where if any emegrancy had happened they could call the service. "We will just deal this number and-" Izuna grabbed his phone just to see how it's battery fell down in front of him. He was left speechelss.

"What were you saying?" Tobirama said in sarcastic tone.

Izuna facepalmed himself. This situation seemed unbeliavable funny and he laughed quietly. He gazed over Tobirama with the corner of his eye. He was with closed eyes and leaning on the wall of the elevator. Was he shaking?

"Tobi?" Izuna said his name going near to him "Are you.. alright?" he had been really starting to worry for his friend. So he really was scared of closed spaces.

The Senju had started to slump down ignoring the raven, burrying his face in his knees.

Izu kneeled down to his friend, petting him on his hair. _so soft_. he thought.

The Uchiha had been starting seriously to worry for Tobirama. He didn't seem good at all, he didn't even respond to his questions. Suddenly one of the lammps stopped working. It became overshadow. Izuna now moved his arms on the left shouler of Tobi.

"Tobi?" his shaking had became worse.

"Didn't i tell you that i don't like elevators?" the albino said quietly.

"I.. I am sorry." he tried to calm him down. "they will come soon, don't worry. Just breathe, okay?"

Okay? Okay?! Was this Uchiha serious? Around 15 minutes had passed and no one came to search for them.

"And you should be!" Tobirama snapped out.

"Why are you yelling at me now?!" Izuna raised his voice too.

The Senju hissed.

"I told you I am sorry! Plus that i have a date, and im going to be late for it, so i should be the one to worry!" Damn it, the albino really drove him crazy.

A date? With whom? Tobirama felt shivers down his spine. Was he jealous? No, seriously no! He hated that feeling.

"With who?" Tobirama wasn't one of those people who would care about people's personal life, but .. Izuna.. he was something different.

"Ino. A week ago when you saw us in front of home she asked me if i would like to stroll around with her."

Was he serious? Just on the first day of school and he had already arranged himself a date? The fuck?

Tobirama leaned back his head on the wall.

"Do you feel better now?" Izuna was still worried for his friend.

A silence ruled for a moment. Tobirama looked over Izuna with the corner of his eyes. Was he actually going on a date?

"Hey, you seem a bit pale." Izuna was now a few inches far away from Tobirama.

_Kiss. I want to kiss him._ Tobi thought. _What the fuck Tobi? You serious?! _his personality was starting to split in two. _Yea, just look at those gergeous lips of his. Why not kiss them? Or maybe bite? Suck and nibble?_

"Tobi..?"

_damn, just look at those onyx eyes, so innocent and beautiiful_

Tobirama didn't understood when he had put his thumb on Izunas lips, moving him from one corner to another.

"...?" Izuna didn't know what his friend was doing, was he in so great shock that he lost his mind? He felt Tobirama's hot breath on his lips and how heavily he was breathing.

No soon he felt Tobirama's lips pressing at his own. The Senju was with closed eyes, Izuna was the next one to close his own.

The albino had been holding Izuna's face in his palms. It was one of those passionate and tense kisses, yet they didn't use their tounges. Izuna felt his cheeks burning hot. They suddenly separated from the kiss because someone opened the elevator door by force. A man's voice came.

"Are you guys okay?!" it was the guy from the service.

Tobirama stood up like nothing ever happened and nodded. "Thanks for coming." and left without saying any word.

Izuna was still on his knees left speechless.

"Hey boy! Are you alright?" the man went inside of the lift helping Izuna to stand up.

"Y-yea. Thanks." and he left too.

## 7. He let me win

**CHATPER SIX**

_**You let me win**_

The following day both of the boys didn't speak to eachother. During the lessons they would avoid eye contact. Too bad today they had aikido training and the trainer would always put them together to fight.

That time Tobirama won, simply because Izuna let him so. But the Senju wasn't dumb, he knew that. On the other hand, Izuna knew that the albino would get mad at him and by that they would make some conversation. And he was right.

"Why did you let me win, brat?" Tobi pushed Izuna, almost falling down.

Did he just called him brat, or he didn't hear correct? Tobirama seemed really pissed of and Izuna didn't know why. Well.. it might have been because of the forced win but wasn't that a bit of too much?

"I didn't. Why do you think i would do such nonsence?" Izuna was playing dumb. His plan was really working. They were talking.. well screaming, or .. yea, most like arguing.

"Damn it! That's not the way of making convesations Izuna!" Tobirama screamed in his face.

"Huh?" Izuna blinked. He was amazed how clever the Senju was. He looked away with sad face. The albino was right, it was pity.

They didn't notice that people were surrounding them, waiting for a fight to start. Everyone knew that Izuna had let Tobirama to win against him. He had made Tobirama ashamed. Did he really suck so much in aikido that there was needed to be made a fake win? Tobirama hissed.

"Boys!" their trainer screamed. "silence! he stood between them, trying to calm the situation down.

Tobirama hated being in the public eye.

"What's going on with you? You two today have been acting very strange!"

"It's not my fault sensei! He let me win"

"Isn't that good?" their sensei tried to joke but saw that Tobirama was serious and mad. He put his arm on the albino's shoulder "calm down son, I know how passionate you are for aikido and your pride had been put down"

Tobirama sighed and pushed away his sensei's arm.

"Whatever" and he headed to the changing room.

"Oooookay! You are dismissed for today boys, enjoy your weekend." the trainer tried to sound as entusiasted as always in order to disperese the crowd.

Izuna watched the ground with sad eyes as everyone headed to the exit. What was wrong with Tobirama? Why didn't he talk with him the whole day? Did he even remember what happened yesterday in the elevator? Izuna sighed not wanting to deal with the albino's vibes. He would change them every minute. In one moment he's acting like a brother to him and in the another like they were enemies or so.

Izuna entered the changing room too. He saw Tobirama already with his casual clothes, putting on his bag and tying his trainers.

The raven just passed him by and opened his locker. Busy with his belongings he didn't spoke but suddenly Tobirama was the one to do it.

"So, how was the date?" In truth Tobirama had been acting like that because he was jealous of the date Izuna was supposed to have. Thanks god Izu had no clue about that.

"What date? Oh, you mean with Ino." said Izuna as he putted his T-shirt.

Tobirama's hearing sharpened. He was listening very careful to the little boy.

"Nothing, it didn't happend."

Tobirama was left speechelss. In truth, he felt relief. He didn't want him to go out with Ino. Why not instead of with him? _Yea, why doesen't ge out on a date with me?_ Tobirama snapped at his thoughts. _Are you crazy?! He is a closed page! _

"And why so?" Tobirama wanted to know the reason. He was burning to know more about it. If it was possible, he wanted to know everything what Izuna was doing in his spare time. _Am I a maniac or what?_

"Nii-san called me because he needed help with something, we left it for some other day."

"When?" Tobirama had been starting to ask too personal questions.

Izuna turned his head and glared over his friend. "Why are you so interested?"

"Oh, nothing. It's interesting how fast you make yourself a date." It was true that the albino was amazed how fast he could do that, but he also wanted to know when would that meeting be. _Why not ruin it or spy him? Are you crazy?! Leave the boy alone, Senju!_ he had been starting to fight with himself.

"Is that so?" Izuna had been starting to be suspicious.

"Yea, what else could it be."

_Yea, what else could it be..._ Izuna thought to himself. He wanted Tobirama to care a little bit for him, damn it. Too bad he didn't know that the Senju cared more than anyone else could.

"Do you .. remember yesterday.. what happened?" finally Zu managed to ask.

Tobirama's eyes got widen. But he had already made up a lie "Yea, how could I?"

_How could he?_ Izuna's hear had started to beat fast.

"You made me go in the elevator and then i nearly died" Tobirama now was pulling Izuna's cheek.

"Ow, ow!" he protested in pain "I told you im sorry" and Tobirama let go of him. Izu rubbed his cheek which was now red from the pinch.

"You don't remeber what else had happened?" Izuna asked once again hoping that his friend would mention the kiss.

Tobirama knew that Izuna wanted to hear mentioning the kiss but he was perfect at hiding his emotions.

"No, i don't. Why? Did something happened? My vission was blurry and i bearly remember anything"

"A-ha" Izuna slightly nodded. He actually believed. "Well, I'd better go because we are having guests tonight and i need to buy some purachases."

"See you at Monday"

"Bye" Izuna waved for goodbye.

* * *

><p>*Hashirama and Madara at university*

"And so that's the reason why i would have skipped 3 years of university. I wish those things didn't happend so i would be able to graduate at one with my otouto, but things didn't turn out to be like i wished."

Madara had just told Hashirama the reason why he had the same age as the bron-haired boy, but 2nd year, instead of 5th.

"I am so sorry to hear that. You have been both with Izuna through so

much. You are very good person and deserve better."

Madara just nodded smiling softly back to the boy.

"Hey, you are coming tonight home right?"

"Yea, you bring Tobirama too? My brother is not so sociable so i would like him to meet new people." Yes, Izuna might have seemed like the most sociable person, but he was avoiding having friends. It was just that Tobirama was his old one and he didn't want to break this bond. Or maybe he was more than just a friend?

"Sure" Hashirama said as he gave Madara's book, helping him with putting the Uchiha's belongings in his sack.

"Okay, you know my place. I am waiting you there" and he kissed the brown-haired male.

Hashirama slightly blushed. Until that kiss he berly what meant blush. He just nodded and waved for goobye.

* * *

><p>"Wait, for how long have you known that guy?" Tobirama was amazed by the fact that his brother had found a boyfriend. Well.. if it could have been told "boyfriend"?<p>

"We met a month ago. Remember when you saw those marshmallows but you didn't have enough money to buy them so i had to go out and do it for you?"

Tobirama nodded.

"Well.. I was walking and someone bumped in me, fastly apologizing and continueing on. He seemed to be in hurry. Once i reached your "candies", someone had grabbed them too. It was Madara. He had been wanting to buy them for his little brother but he let me get them for you, so that's actually how we met."

"Wow, that's probabbly the stupiest way ot meeting someone" Tobirama wasn't impressed at all. He knew what jerk his brother was, but that's actually why he loved him. His stupidity was his charm and no one could tease him about being stupid , unless it was Tobirama Senju.

"So, you will come, please?" Hashirama really hoped that his otouto would agree and go with him.

Tobi sighed. "Fineee"

A wide smile appeared on Hashirama's face. "I knew i could count on you!"

"Yea, yea.. Wait! The date before a week ago, was it with him?!" Tobirama nearly screamed.

"Yea?"

"Did.. did you do something with him?" Tobirama was now glaring at his older brother.

"Nooo" he laughed loudly "not so fast Tobi, not so fast."

"If he tried to touch you i will fucking hill him" and he was serious.

"You'd better dress up because it's about time to go."

"What? I thought we will be heading the next hour. Can we arrive so fast? Your cair is at repair so..."

"His house is 5 minutes by feet."

"5 minutes by feet" Tobrama repeared in fear. Was it.. could it really be? Yea, the name Madara seemed familiar but he didn't know from where. He just hoped that his dubts were false.

Putting on some sweatshirt and trainers they went outside of the house, headind to the same place where Izua had been living.

_Please god... no.._ Tobirama hoped it was a dream, unfortunally once they rang the bell, Izuna opened the door.

"Tobi..?"

8. Forbidden fruit

**CHAPTER SEVEN**

_**Forbidden fruit**_

"Tobi...?"

"Ooh!" Hashi said enthusiasted "You already know eachother?!"

"Yea.. he's my classmate" Izuna said quietly, almost whishpering

"Really? Is this the newbie that didn't show on the first day of school?" damn it Hashi, you weren't suposed to say that.

"Newbie, eh?" Izu glared over Tobirama.

"What takes you so long?!" Madara could have been heared through the rooms.

"Daraa!" Hashirama screamed happilly, slightly pushing away Izuna from his way to hug his lover.

"Hey" Madara smiled. Izuna was amazed how fast his brother would change his vibes. That guy seems to make him really happy.

Tobirama was still outside, in front of the entrance door.

"Won't you enter?" it was more like a tease.

Tobirama grinned at Izuna. He still hadn't forgiven him about today's win. Izuna closed the door after the albino entrered.

Once they entered the house, Tobirama saw that the table was laid. Everything looked really delicious.

* * *

><p>"Mmmm" Hashirama moaned "it's so tasty! From whom did you order the food?"<p>

"Uh, excuse me?!" Madara snapped out.

"Don't tell me you did it!" Hashirama was amazed.

"Not me, but my brother" Madara sounded so proud by saying that. He petter his otouto on the head which was sitting next to him.

"You?" Hashirama was even more suprised. "Wow, you have some talanted hands out there!"

_Talanted hands.. _Tobi thoughts _.. i wonder if he could use them for some other clue _Tobirama nearly chocked on his own thoughts.

"Are you okay?" Hashirama asked his brother.

Tobirama just nodded. _You idiot, you are going to kill youself! Stop thinking like that! He is just your friend! Okay?!_

"Thanks" Izuna slightly blushed by the compliment. He was so cute.

"You seem that you're done guys" Madara poinet out the empty plates. "Pretty fast.."

"It was delicious" Hashirama said "thank you Izuna" he smiled.

"You're welcome. I am glad you enjoyed it." Izu smiled as he stared at Tobirama. He was licking his lips from the last bite. That made Izuna shiver... _his lips.. those lips, on mine, just like yesterday.._

Izuna blushed and covered his face in his own palms, before the blush being able to be noticed.

"Are you okay Zuzu?" asked Madara.

_Zuzu? _Tobi quietly chukled to that surname.

"Y-yea. I was going to sneeze" he make up some lie as an excuse.

"Okay, since you guys are done, Hash can you come and repair my computer?" Madara said with a little smirk on his face.

Repair his computer? Seriously? Izuna was going to burst out laughing but he managed to calm himself down.

"Since when you repair computers, anii-ja?" Tobirama asked confused.

"Eh.. you see.. erm.." Hashirama didn't know what to answer.

"Didn't you know? That's why Mada-nii called him, to repair his computer." Izuna teased his brother by telling the last four words.

"A-ha" Tobirama was suspicous.

Izuna knew exactly good his aniki. He wanted some private space and had invited Hashirama along with Tobirama. But why and Tobirama? Because he didn't want to leave Izuna alone and be bored. Plus that he know how anti-social was his little otouoto and how hard he made any friends.

Once their big brothers went upstairsm Izuna got up and started to wash the dishesh.

"Need any help?" the albino asked.

"No, thanks for asking anyways" Izuna felt that his friend was still angry for today but he really wanted to make up to him.

Tobirama was still sitting on his place at the table, uncomfortable that he was left alone with Izuna. What if he goes out of his mind once again and does something stupid, like to kiss him, or even worse? Do sexual things? _No, no TOBI! restriction, restriciton. Imagine that he is a marshmallow and you want to eat him so bady, bite, taste and be rapt by the flaveour, but he is very unhealthy. He is lika a forbidden fruit._

Izu felt that the albino was feeling uncomfortable and suggested him to move to the couch, turning on the TV and amuse himself. Tobirama thought it's a good idea and so he did.

When Izuna was done with washing the dishes he joined Tobirama, sitting beside him.

"What takes our brothers so long?" he still didn't know the real reason why they had secluded themselves.

"You seriously don't have idea, do you?" Izuna laughed.

"What?" Tobirama seemed so cute when he was playing innocent.

"They don't repair no one's computer, dummy."

_Dummy? Did he just call me dummy? Oh god, Tobi, restrict yourself boy, restrict yourself._

"Then?" he still didn't get what the Uchiha was talking about.

"They are making out" Izuna said chuckling.

Hearing that Tobirama's face got serious and scary. Maybe it wasn't a good idea for him to be told that.

"And you tell me just now?!" The Senju screamed standing from his place.

"C-calm down!" Izuna still siting as he grabbed Tobirama's wrist

preventing him from going anywhere.

"Why should I?!" Tobirama was really mad that it scared Izuna.

"Let your brother be happy, damn it!" and Izuna was right. Tobirama sighed and sat back at his place.

"I just hope his ass doesen't hurt later so we will be able to go home.. not that we live far away but still.."

Izuna laighed. Wait?! Did just Tobirama said out that loud? Well.. yea he did and the albino smiled back when he heared Izuna's laugh.

_He has such cute laugh.. TOBIRAMA! WHAT DID WE TALK ABOUT RESTRICTION. What? It's not bad if i kiss him or do something .. else.. _

Tobi hissed at his thoughts. Was he thinking normal? Surely no!

"Is something wrong?" Izuna was watching him once again with curious eyes. "You don't seem to act normal." the raven was once again so close to the Senju's face. Tobirama remembered the kiss they had in the elevator but came to his sense before doing some bullshit.

"Do you like Ino?"

"What?"

"She's hot!" _Tobirama thinks that Ino is hot?_

"You think?"

Tobirama nodded.

"Well yea, she is." _So Izuna really does think she's hot, eh? What does he find in this artificial doll anyways?_

"And when are you going on a date?"

"Why are you so curious?" the TV was playing in the background, making everything so easier. Both of the males couldn't imagine having such talk on silence.

"Because.. You know the pinkie in my class? She have had crush on me for like 3 years and i think it would be interesting to go on a double date."

"You want to go on a date with Sakura?" Izuna was kinda dissapoined by hearing that. But what he could have expected since his friend was hot, a hot mess.

"Yea, why not? Since you go out with Ino." Izuna frowned. Tobirama noticed that. Was he jealous of what the albino had just told?

"Mine is far away from a date. We are just going to walk around"

"It's the same."

Izuna remained silent. He wanted a double date? No, thanks! He kisses him randomly and now from no where comes that nonsence.

"No, thanks." he refused.

"You want Ino-chan all over for youself?" Tobirama joked.

"And what if I want?!" Izuna seemed angry. Was he really angry? There was no reason to be.

"Are you angry?" Tobirama asked.

"Whatever" he turned his head and focused on the TV, leaning his elbow on the back of the couch.

_He is so cute when he's red-necked. How could i have been angry at him for some stupid aikido fight?_

"I am sorry for today that i yelled at you"

"No problem" Izuna still seemed to be ireful ignoring eye contact with the Senju.

_He is just way too cute, what if i kiss him_ and the Senju came back into reality when Izuna spoke.

"You seriously don't remember that you kissed me yesterday?!" did those words really escaped from Izuna's mouth? He put his hand on his mouth. _ups_

"I do" Tobirama finally admitted.

"Then why did you act dumb?!" was Izuna really angry, unbeliavable.

"Why, did you like it?" Tobirama teased him.

"And what if i did?!" the raven snapped.

Both of the boys stared at eachother with wide open eyes. Izuna couldn't believe what he had just said and Tobirama couldn't believe what he heard.

The Uchiha slowly crawled near Tobirama, now being on top of him.

"What are you doing brat?" Izuna grabbed Tobirama's arms lifting them in a strong grip under his head. The albino laughed because he was the massive one and if he dared to stand up, Izuna wouldn't be able to stop him.

"Why did you kiss me?" Izuna insisted to know.

Tobirama chuckled. "You know if i want i can get away so easily from your girp, right?"

"Nnhghh!" the raven cursed under his breath.

Within a few movements, Tobirama was now on top of Izuna, pinning the raven's arm's.

"T-tobi, wait! I was joking!" Izuna had been starting to panic because Tobi was really big boy. And his grip was strong too.

"What, don't tell me that you're scared of me" the albino laughed.

Izuna frowned. He hated showing that he's weak. "You idiot, if you think that you can scare me, you're totally wrong because-"

_He is so annoying. Why don't i kiss him for real? What if he is a marshmallow.. i mean... everyone loves sweets, even if they are unhealthy and gain you calories like crazy. If i watch out, i won't get harmed._

"Just shut up" and Tobirama kissed him, now bitting Izuna's upper lip. "do you know how much i enjoy doing that to your lip" the Senju moaned through the kiss, pushing his tounge inside of Izuna's mouth, asking for entrance.

Izuna blushed and answered to the kiss, acceptining Tobirama's tounge in his mouth. They started to fight for dominance and no soon it became a wild fight. They needed some air so the kiss got separated, leaving a tiny conection of saliva between them. Izuna's heart was beating so fast, feeling that it would jump out from his chest.

Tobirama, on the other hand, was enjoying each moan and pant coming from his ex-lover. "You are my forbidden fruit." Tobirama wishpered.

Izuna was still rapt in pleasure, lost in the kiss they had little before. Tobirama was an amazing kisser. It won't harm anyone if they enjoyed few touches till their brothers were making out.

"Do, do that again." Izuna weakly said.

"Say it" Tobirama wanted Izuna to beg.

"K-kiss me" Izuna bit his lip before saying that.

Just as Tobirama was about to kiss him, footsteps were able to be heard. They brothers were coming.

With a flash, both of the boys got separated and Izuna stood up, going to the sink. He was shaking badly.

"Oh, Tobi.. sorry for taking so long.. the computer.. had a lot ot viruses and it needed.. a little bit more to get adapted to the new anti-virus programe." Hashirama laughed loudly.

"Yeah" Tobirama looked his brother with dumb face.

"Zu, are you okay?" Madara went near his brother and touched the raven's shoulder.

"Yea.." _shit_, they were going to discover them, his blush still hadn't dissapeard, thank god he was with back at everyone.

"Brother, let's go, i wanna sleep." Tobirama saved the whole

situation. How was he able to be so calm after such kiss? Had he done that before? Izuna felt his stomach shrinking. He didn't like the idea of someone else having Tobirama.

"Oookay, see ya tomorrow!" Hashirama waved for goodbye.

"Bye" Madara said. Izuna remained silent. "Aren't you doing to say something, I-zu-na?!"

"Bye" he said as the Senjus went out. The little Uchiha was rapidly biting his lip. He still coudln't believe that they weren't discovered, and thank god.

Tobirama noticed what Izuna was doing to his lips with the corner of his eyes and smirked.

_So he liked it, eh?_ he grinned

><p>Hello guys. I hope you like my story. I am so in love with TobiIzu pairing :D I know you read that shit, so please leave a review. Reviews are always welcomed 

9. Emotions

**CHAPTER EIGHT**

_**Emotions**_

The following day. It was Saturday. No school.

Izuna and Madara would usually go for a hike in the nearest mountain but the little Uchiha was feeling under the weather.

His aniki entered the room, sitting on the bed near Izuna who was lying.

"Are you sure you're alright?" Madara petted his otouto's cheek.

"Yes, nii-san. I am just tired." he lied. He needed time to be alone with himself. What had happened yesterday and the day before yesterday made him so confuses. Tobirama would bearly make eye contact with the raven, so let's not mention talking to eachother. It was really awkward since they shared on desk at school.

"Tired of what?" Madara knew his little brother very well since he was the one to wise him up.

"The week had been very tense. I even thought that those exams would never end."

"It's not that Izuna. Has someone humiliated you?" The elder Uchiha was overprotective after the death of their parents. Madara blamed himself for letting Izuna bearing all the pain alone. He, as the elder and responsible one, should have been in the hospital and look after their mother. Izuna was a kid. So fragile, so little.

"No!" Izuna nearly jumped in protest. Everyone was being so kind and helping with everything. He knew pretty well that his students were nice with him just because of his looks but the raven didn't care. He was used to it.

"Then what is it Izun? I am worrying for you and I know you so well. You're lying to me." Madara was stubborn, sometimes even too much.

"Aniki... please. It's nothing. Just go without me or call Hashirama-san to come." Izuna wanted really some time to be alone and overthink.

Madara frowned nodding as he left the room.

Izuna sighed.

He touched his lips and bit his upper one. He giggled, curling into a ball under his sheets. He remembered Tobirama's lips being pressed on his own. The raven slightly blushed but it darkened when he imagined some innapopriate scenes...

_You idiot! Stop imaging such things. He is just a friends of yours. Yea, right. If he was just a friend he wouldn't kiss. TWO TIMES!_

Izuna facepalmed himself. Tobirama was so unpredictable. He was like ice and fire.

"Aaargh!" he screamed grabing his own hair and pulling it in anger. He let out a heavy and long sigh. _Why do you have to be like that Tobi?!_

><p>*Senju's house

Tobirama and Hashirama were having their breakfast.

"Sorry for last night. I shouldn't have mentioned the newbie thing." Hashirama said with full mouth.

"No problem." Tobirama said as he took a sip of his tea.

"I didn't know that he's the new one" the elder continued to apologise.

"I told you already that you don't have to apologise. But.."

"But what?"

"Last night you mentioned that you have known Madara for a month."

Hashirama nodded.

"You know that they have moved in Tokyo, right?"

"From where do you know?" the brunette was surprised.

"Izuna is from my class, so.." Tobirama as interrupted.

"Oh! Isn't that the boy that you used to hang out when you were little?"

"Yea?"

"Didn't you have a crush on him?"

"I **used **to have." the albino lied. He wasn't sure if he loved the raven or it was just some sympathy.

"You think? Las night it didn't seem so." Hashirama teased.

"Anii-ja.." Tobi looked with him with a dumb expression,

"Ahahaha! I am joking, you know. Don't take it too serious." he winked.

"So" Tobi continued "I was going to ask if you know if Izuna moved together with his brother or came later?"

"Mmmm..." Hashirama thought for a moment "He came together with Madara."

The albino's eyes got wide open. Izuna had been in Tokyo and he didn't contact him? _Why should he? He is not your sinbling or boyfriend. Boyfriend..._

Tobi hissed when he remembered that Izuna was going on a date with his blond classmate.

"Why? You seem kinda surprised."

"No, it's just that i haven't seen him throught that period of time."

Hashirama nodded. "Yea, yea. Madara mentioned something that Izuna would have been depressed and stay home all day for a month or so."

"Depressed? Why?" Tobirama was surprised.

"Don't know. Maybe he can't get adapted to the new place so easily." the elder Senju suggested.

"Brother, Tokyo is his birthtown, plus that he is very out-going."

"Well... what else could it be?"

"No idea." something smelled wrong here.

'brrr' Hashirama picked up his phone and answered.

"Yes?"

* * *

><p>"Tobirama, Madara insisted me going out with him for a walk to the mountain. You can entertain youself, right?"<p>

Tobirama laughed. "Entertain myself? How old am I?"

"Ahahaha, yea." and Hashirama left the hous within a blink of an eye.

Tobi sighed. "My brother is being so recless once again. Is he really so mad inlove?" the albino was acting like he was the elder brother. Yes, he was more sensible and reliable, but stil he trusted Hashirama enough to let him do whatever he wished.

"Let him get burnt by the fire" the boy moved each dish into the sink, leaving them for later to be washed.

He lazily moved to the couch, lying and turning on the Tv wanting to relax and just watch some interesting documental film.

* * *

><p>Izuna was still wasting time, lazyly laying in his bed, squeezing nerviously his pillow. He wanted so badly to see Tobirama and play with his soft hair.<p>

_Izuna, stop thinking those stuffs! He can't call me because he doesen't know my number but he could always come and visit me since we are neighbours._

Izuna facepalmed himself once again but suddenly someone rang on the door._ Tobi!_

He jumped from the bed and hurried to open the door. What was wrong with him? His heart was going to jump from his chest.

As soon as he opened the door his broad smile dissapeared.

"I forgot my keys" it was Madara.

Izu grabbed his aniki's keys and threw them to him.

"You don't seem pretty happy to see me" Dara joked as the door got slammed under his nose.

"Damn those emotions!" the raven had started to curse. He hit his head slightly into the wall, once again pinning his hair in anger. "You are going to destroy me, Tobirama Senju!"

* * *

><p>During the weekend Izuna was waiting Tobirama to contact him, even if he didn't care how was that going to happend. He badly wanted to hear his voice.<p>

On the other hand, Tobirama didn't stop to wonder why Izuna would have been depressed for a month. But he really did enjoyed each day. All he was doing was to relax and do nothing but watch TV on his favourite place- the couch.

10. Aikido trip

**CHAPTER NINE**

_**Aikido trip**_

The aikido fighters were going to an international tour, where they were going to represent Konoha Higschool.

Since Izuna was new in the club, the sensei had some doubts if he should take the raven with them.

"Izuna, since you have been a part of the aikido club, I am hesitating if i should take you."

Izuna and his sensei had been discusing it in his sempais's office. The rest of the team were in the changing room, waitig for Izuna to go out. Sometimes boys were better gossipers than girls, eh? The raven really wanted to go, since Tobirama was going too.

"But since you have beaten Tobirama on your first day, and i see how you have progressed for about a month, i consider thank you could join. I hope you won't turn me down."

Izuna nodded happily with a big smile on his face. The trainer gave him a paper.

"Here, give that to the boys. It's ur programe."

Izuna nodded, grabbing the paper and walking away of the room.

* * *

><p>"So, is sempai taking you with us?" Daisuke asked. He was one of the 10 boys, along with Tobirama and Izuna.<p>

"Yes" the Uchiha tried to hide his smile. Keita grabbed the paper from his hands.

"It's the programe and scheme we are supposed to follow." he told.

Tobirama walked in the room, with exposing upper parts and a towel around his waist. He had just took a shower and his hair was still wet. Izuna tried to hide his blush from the view he just saw. _A real god..._

"Oh, just in time Tobe" Keite said as he started to read out loduly the written on the paper. "Okay, so" scanning fastly, he spoke "the event is going to take place for 4 days in Kobe. We are heading tomorrow. Wow, so fast! We have to be at 8am on the bus station. Make sure you're not late"

"Aw, maaan!" Daisuke said "we are heading tomorrow? But we just found out. Sometimes i wished sensei had warned us about the comeptitions earlier. Remeber last time he told us at the same day and we had to be ready by noon?!" he complained frowing.

"Yea, at least it will last 4 days, not a week or so" Hiroshi, one of the members, said. "Plus that i had other plans for those 4

days.."

"So did i.." the little Uchiha said.

_Ino..._ Tobi thought.

"And who is staying with whom in the hotel's room?" Tobirama was curious.

"Hmm... let's see.." Keita flipped the paper on it's other side "In apartament are staying Ryuota, Mika and Sakurai. I am going to be with Hiroshi. Next to us are Daisuke, Mebuki and Hizashi. And last but not least, the newbie and the champion- Izuna and Tobirama." a few males laughed of the joke that Keita had just made.

Both Izuna and Tobirama's eyes got widen as they looked at eachother.

The Senju had been trying so hard to avoid Izuna.

On the other hand, inner Izu was jumping from happines. He was finally going to be alone with the white-haired male.

"Okay, see you tomorrow mates." and everyone walked away.

Only Tobi and Izu were left, as the albino had started to put his clothes. Izuna had missed his friend so badly. He had to make some conversation.

"Are you going home? If so, i can wait you so we would be able to get together since our paths are the same?" Izuna hoped that they would spend a little time together.

"No" the albino answered "but my way is to there, so i could join you."

Where was Tobirama going? Couldn't Izuna go with him? His face got sad but it was still better to be wih him halfway than not at all.

* * *

><p>"You have some bussiness?" Izuna was curious, desperate to find out where he would go, and if it was possible, to join him.<p>

"Brother asked me if i could get for him some cake from the Fuuju's bakery. It's next to our neighbourhood" the albino said annoyed.

_Cakes?! Bakery? Maybe i can join!_

"Can i come too? I will buy some for Madara-nii. He has sweet tooth as well"

Tobirama hissed. The more the Senju wanted to avoid Izuna, the more the raven foisted.

"Is there something wrong? Or you don't enjoy my company?" Izuna asked tilting his head so he could face Tobirama's eyes.

_Damn those black eyes! They drive me crazy... drive me crazy inlove.._

"There's no such thing." he lied.

Izuna had stopped. No soon and the albino did it, turning his back so he could face the Uchiha.

"Whats wrong?" he asked.

"Why are you avoiding me? Am i annoying or what?" he softly asked.

"Why would you think i am avoiding you?"

"Because you do. You don't talk to me at school and bearly say a word when we are out of it. It wasn't like that before you kissed me. Is it because of the kiss?!"

The Senju cursed.

"I just don't want to give you vain hopes."

"Vain hopes?" Izu raised an eyebrow.

"You might think that we are something more than friends."

"What?!" Izuna snapped out. Was he serious?!

"Yea.." Tobirama said as he had put his arms in his pockets. He had been doing that as a reflect when he'd lie. Izuna had noticed it but still didn't know the reason why he'd do it.

_His arms are once again in his pockets.. I wonder why .._

But he was cut off his thoughts when Tobirama told him to continue walking, because it had started to get dark and the bakery might close. Plus that they had to prepare for tomorrow and pack their sacks. No soon they arrived in the bakery.

Tobirama got fruit one for Hashirama , and Izuna- a chocolate. The little Uchiha had bought himself a lolipop as well.

"T-tobi" said Izuna, busy with rolling over the loli in his mouth "do we have to bring our katana-s?"

He looked so cute with that candy inside his mouth. Tobirama would imagine some innapopriate screnes. He would like those lips of his on some part of his own body. Why did the raven to waste him time with that candy, when Tobirama could have given him a new one.. massive, hard and pullsing one. _STOP IT TOBI!_

"What's wrong again?" Izuna bearly laughed, the loli now in his arm.

"They have there. No need to bring."

Izuna nodded. He was so sweet. Why Tobirama had to fight over his feelings? Couldn't he just jump on him right now and there so he would rape him? The Senju hissed. _Because he told you that he had no

feelings for you, you fool! But i could flirt? And play? And taste and tease him?_ Tobirama wanted to punch himself in the face. _RESTRICTION!_ He felt a slight touch on his shoulder.

"I have to go, see ya tomorrow" Izuna smiled sweetly.

As Tobirama was going to say goodbye, Izu's phone rang.

"Oh, hey Ino" Izuna asnwered greeting her with happy voice. Did he really like her? Tobirama frowned. Izuna whishpered once again goodbye and waved before entering his house. The albino was dying to know why that blond would call him. What they were talking about? Did she have a crush on him or what? But he had to be cold and think-skinned, showing no emotion. Because that was Tobirama Senju. He just got out his phone and turned his favourite mix, hoping that it would make him calm.

11. Day 1

**CHAPTER TEN**

_**Day 1**_

*The following day, early in the morning

"Nii-san, I am going" Izuna was desperately trying to weak up his brother. Last night he didn't geel goot and went to sleep a lot earlien than he was supposed to.

"Ok-ay" all what could to the Uchiha was to murmle. Izu had been starting to worry for him and would rather look after him than go to the competition. But too badly the team depended on each player. Most important rule in this spoer was teammate.

"Please, call me when you weak upi. I am worrying for you" the raven petter Madara's piky hair.

"Fine" and Dara turned to the other side, continueing his sleep. Izuna sighed.

* * *

><p>Everyone was waiting at the bus stop, expect one boy.<p>

"Where's Sakurai?" Keita asked. "Yesterday when i readed out loud the names i didn't notice his."

"Yea" Tobirama said "Don't you remember that a week ago he broke his leg?"

Keita opened widely his mouth as a gesture of surprise. "Oh, yea. Who's going to take his place anyways?"

"Must be sensei" Hiroshi suggested as the bus came. Their trainer got out of the cechiacle, greeting everyone out lodly.

"Goood moorning!"

"Sensei, not so loud please.. it's still 8 o'clock and i would like to use my ears for a little bit longer.." Izuna laughed at the joke that Tobirama had just made. The albino couldn't help but smile.

"Sorreeh! I am just hyperactive because we will beat them for sure! Yeeaah!" he screamed loudly once again. The boys sighed.

* * *

><p>Everyone sat at their seats. Izuna and Tobirama were together. The albino sighed when he noticed that the raven was way too quiet. For sure he had been thinking about something but what?<p>

"Is there something wrong?" The white-haired boy asked Izuna, who was sitting nearby the buss window, staring at the trhees which they had passed. The Uchiha didn't answer.

"Izuna?" Tobirama repeated his name once again and just then the raven responsed.

"Yes?"

"What's wrong?"

"What's wrong?"

"I am asking you if there is something wrong."

"Nom why, should there be?" Zu lied. He had been thinking about his brother non-stop. Last night he trhew up and had headache. He was supposed to feel better in the morning because he took medicine but it seemed just the opposite. He was even worse than yesterday night.

"Too quiet? Not that we talk so much tho"

Tobirama frowned. He hated smartasses. Sudenlly the Uchiha's phone rang. He picked it up without any hesitation, without even looking who it was. Wa he awaiting it? He seemed pretty happy that the phone rang.

"Yes?!" he said. Tobirama could hear a female voce through the phone. They talked for a little bit before ending the call.

"Who was it?" Tobirama's curiousity was going to kill him one day.

"Ino. She wanted to wish me luck since we are going to represend our highschool"

Tobirama hissed. What did that blonde wanted from Izuna? Lately, she had been around him so much. Tobi turned his head away avoiding Izuna's gaze. The Uchiha's phone rang second time.

_Ino... Ino.. Ino... _was all Tobi would think about.

Once Izuna saw his phone, a broad smile appeared on his face.

"Madara-nii!" he almost jumped in surprise.

"Hey, I just wanted to tell you that i am feeling much better and that i wish you good luck. Don't make me ashamed of you, okay?" he jokd.

Tobirama now could hear the conversation, since Madara's voice was way too deep and high than Ino's. Zuzu couldn't stop smiling.

"I promise, i won't! Take care of yourself, okay?"

"Okay, you too." and the phone call ended.

Tobirama couldn't believe how Izuna would change his vibe so fast just from one call. Did he really loved his brother so much?

"You're very close with your brother, aren't you?"

"Yea, since he is the only one i have left" The Uchiha should have said that with a sad face but instead of, his face got even brithen.

"You dating Ino anyways?" the albino snapped out.

"Don't have enough time to do that" it was more like a tease. What a smartass. Tobirama smirked.

* * *

><p>"OOOKAY!" sempai screamed "we had been traveling for more than 6 hours, so i am going to give you a free day today. Go get some rest because tomorros you are going to have really thought training."<p>

Each of the males nodded, grabbing their sacks and going to their rooms.

* * *

><p>"We will take the elevator, right?" Zu joked.<p>

"Ha-ha" Tobi sarcasticly laughed.

"I will wait you on the 3rd floor. Meet you there" the raven said as the elevator's door got closed.

Withing a blink of an eye, Izuna was stanging in front of their room. Since Tobirama had the keys, the boy had nothing else to do but wait his friend.

Pants were able to be heard by the end of the corridor. Tobirama was bearly walking, heavy breathing. Not only that the stairs were a lot, but and his laguage was a lot heavier than Izuna's. What could he have brought so much? Izuna was laughing at the view in front of him.

"You'd better give me the keys." Izu naw chuckled. Without any hesitations he gavte them. When they entered the room, there was no light.

"The fuck?!" Tobirama snapped "And they call this a five stars hotel?!" he argued yelling.

All what could do Izuna was to brust out laughing.

"You silly! Look now" and the raven got a card wich was given by the receptionist. He pressed in on the wall and suddenly everything lit.

"What a miracle!" Tobirama was amazed.

"Yea, a miracle" Izuna teased him as he pointed out his tounge. The Senju smirked. _That boy..._

"I am not familiar with those things. I don't go in hotels" he tried to find some excuse.

"That's why you're so familiar with your brother. Both of you are complete dorks" Zu slightly chuckled once again. The little raven was really happy after Madara's call. Tobi wondered himself if he could make Izuna as happy as his nii-san did.

"Do we have dinner?" Tobi asked as his stomach rumbled.

"I think we have missed it already" Izuna said as he closed the door behind them.

"Aww maan.." Tobirama let go his sack on the floor as he threw himself on the bed "Pretty soft"

"Didn't you bring any food?" Izuna asked.

Tobirama shook his head as a response of "no"

"Seriously? Rule number one is always to bring food when you're travelling away from home" Izuna pointed his finger.

"Why should i bring food when the hotel feeds me?" Tobirama protested.

"Well, then what do you carry in your sack since it's so heavy. I thought you had put ply of food" Izuna raised an eyebrow.

"Well.. a towel, toothpaste, hair dryer.. mm what else? Oh, yeah shampoo.." the Uchiha laughed before Tobirama would be even able to continue.

"What's wrong?"

"Nothing.. haha, really nothing. They all have it here" did Izuna's eyes got teary from so much laugh? "Heh, whatever. Here, take my crisps as i go and buy some food from the supermarket." he threw Tobirama a bag of crisps.

* * *

><p>Once the Senju was done with eating, he took a shower. Izuna entered as the albino walked from the bath.<p>

"Bath again? I am starting to think that global warming might be your

fault" he joked.

"I like to stay clean, unlike some people" did he mention Izuna? He glare the albino. "What did you buy?"

"Tomatoes, feta cheese, bread and wine."

"What? Wine? Wine with bread?" Tobirama nearly chocked.

"You eat the food, the wine is for me"

"You drink?" Tobirama was surprised.

"I like it's tase, plus that red wine is healthy, so and white one, rose too."

"You seem a big professor. Did you know the hotel had shampoo and soap?"

Izuna laughed again. Was Tobirama acting dumb on puprose? "Tobe, you're helpess..."

_did he just call me Tobe? My heart skipt a beat..._

"I am going to take a shower too. When you eat at least throw the rubbish" Izuna said as he entered the bathroom but screamed once he was inside.

"TOBI! What did you do?!"

"What?" he stood from the bed where he was sitting,still only with a towel around his waist ,looking why his friend yelled.

"Is that Niagara or what? There's water everywhere!" Izuna protested.

"Oh, yea."

"Yea? Don't you know that you should remove the.. oh god, seriously, just go and eat. Don't touch anything or do anything unless i go out, understand?"

Tobirama nodded. Why was he acting like that? Was he a baby or what? The Senju just unpacked the bags and started eating. He was starving.

When Izuna was out of the shower, his long and beautiful hair was on a bun. _Such a waste, i would prefer seeing it flowing._

"TOBI!"

"YES" he screamed in surprise

His hand got slapped. "What are you doing you idiot! Don't use the fridge. Whatever you eat or drink you have to pay it"

"I will pay it"

"The prices are x3. You'd better go and get what you need from the

supermarket. Oh god, you really haven't been in hotel before, have you?" Izuna facepalmed himself.

Tobirama frowned "Not my type of wasting time" as he put his pants.

"You are going to sleep like that?" Izuna asked suprisingly.

"The cold doesen't bother me"

_Yea but your nudity is bothering **me. **_Izu thought.

And Tobirama snuggled under the clean and soft sheets. He was so exausted. All what he would want right now is to sleep and sleep and never weak up.

"Night" the albino told

"So fast?" Izuna rised an eyebrow and before the Senju was able to answer, the Uchiha's phone rang. A third time for today. Wow, he was really some fameous boy. But Toi was way too tired so he slowly started to fall asleep. He just heared Izuna mentioning the name Ino as he talked on the phone,

_Ino.. Ino.. Ino.. that blonde... _

and Tobirama felt asleep.

12. Day 2

**CHAPTER ELEVEN**

_**Day 2**_

"Weak up!" someone kicked Tobirama and Izuna's door. It was Keita who was tring to get up everyone fo they could go practise.

Izuna jumped from the bed shocked and op ened the door "Whats wrong!?" he nearly yelled.

"It's about time to get up. We are waiting you down to the gym"

"Is that the only way of weaking up people?!" Izu's eyes were still wide open, trying to catch his breath from the sudden noise. Keita laughed as the Uchiha closed the door. He sighed before looking at Tobirama who was sleeping so peacefully. Damn, he was like a dead. Didn't move at all. The raven approached his friend and shook him by the shoulders.

"Tobi, get up. It's about time" the albino slowly opened one of his eyes followed by the second one.

"The alarm.. it hasn't yet.. isn't it early?" he said in his sleepy voice. Izu felt shivers down his spine. Tobirama's voice was so husky, deep and sexy, so was and his naked upper body.

"Keita came ealier. Sempai wants us now" Izuna now moved to the other part of the room, kneeling down to his sack so he would get some clothes, chaning the pyjama.

Tobi gazed over the Uchiha. "Don't you feel hot?"

Izu snapped out. Did he blush when Tobirama spoke a little before? Did the Senju notice it?

"Why?" the raven said with shaking voice.

"You're wearing long-sleeved pyjama..." Tobirama was still lying in his bed.

"I got cold easily. I like being warm." he had now changed to a T-shirt.

"I see" The Senju told before yawing and stretching himself. He got up and went to the bathroom.

As Izuna was waiting to come his turn he made both of the beds.

"What are you going?" Tobi asked surprisingly as he was drying his wet hands in the towel.

"What does it look like?" Zu raised an eyebrow.

"There are maids who are supposed to do that"

The little Uchiha sighed "That doesen't mean we should leave them like that"

"You're weird Izuna"

"And you have no manners, Senju" the raven said as he entered the bathroom. Did Izuna just call him by his surname? Tobi smirked.

* * *

><p>"Ready?" Izuna asked before opening the door.<p>

"Ready" Tobirama answered.

"You took the keys and a bottle of water for youself?" the Uchiha asked once again.

"Wju should i bring water? Don't they have down?" Tobirama asked rising both of his eyebrows in surprise. "What kind of five stars hotel is that?"

Izuna laughed. "Whatever... I got myself one. If you want to drink you have to buy one or go to the WC"

"From the toilete?!" te albino snapped out.

"Hahaha, just lets go"

Tobirama wouldn't understand why his friend would laugh at everything he had said. It was like that since yesterday. Wat it really Tobirama the one who made him laugh, even with his stupidity or it was because of Madara's call.. or Ino's.. yes.. Ino. The albino remembered the Uchiha talking with the blonde last night before falling asleep.

Tobirama let ouf a long and loud sight, hopping that he would focus more on the following competition that on the boy who was walking in front of him.

"You under pressure?" Izuna asked.

_I'd wish **you** to be under me.. but that's another thing.._

"I just hope that everything goes well tomorrow"

"Of course it would. You are the pride of the aikido club" Izuna enouraged him.

"The pride that got beaten by the newbie"

The Uchiha laughed.

"You won't use the lift?"

"No, i would join you, if you don't want to avoid me, of course" he joked.

To be told the truth, Izuna was really happy. The reasons were two. First and most important was that Madara would feel better, even if he hadn't heard him from yesterday. Well... yea.. it was early in the morning so it was normal. He'd sleep right now. But Izuna had been worrying, because of the pissibility of getting cancer. What if someone of them inherits that disease and end up like her? The raven didn't want to think of it.

On the other hand, he was so happy that he would spend some time with Tobi. The Senju wouldn't ignore him and actually talk more that he would have expected. He wasn't familiar with newstreams so it made the albino super awkard using the technology in the hotel. Not that Tobi seemed ashamed...

* * *

><p>*training

* * *

><p>The boys had been training with hours. They had a break time for having lunch and continued for 2 hours more. It was a thought day, since sempai was strict as always.<p>

"Ah.. ah" Hiroshi had been panting rapidly, his body ready to bterday him and fall down.

"Sensei, you are going to kill us before our oponents are able to do that" Tobirama said , trying to catch his breath.

"Come on guys, we are already done. Stop whinning like girls and go take some showrs. You're all sweating like crazy!" the man joked.

"Uuugh!" Hiroshi complained as he dropped on the floor.

* * *

><p>"What will we do now?" Tobirama asked Izuna.<p>

"I'd like to sightsee the town because i have never been in Kobe before. But with the energy i have left.. it would be impossible"

Tobirama nodded agreeding "The boys suggested going to a bar tonight. Wanna go?"

"Going to a bar before the competition, are they serious?" he was kind of amazed.

"We always go that. Before and after competing"

"Even if we lose?" Izu was surprised.

"Even if we lose"

Izuna thought for a moment before agreeing. "Okay. I will join but for a little. I am not fun of those events."

"Neither am I but the boys will be stubborn until you come"

Izuna nodded and gave his hand to Tobirama looking him in the face.

"What?" the albino asked.

"Give me the keys"

"What keys?"

"Didn't you bring them?!" Izuna snapped.

"Why should I? We didn't lock the door."

"You idiot!" Izuna screamed in his face "We didn't lock it because it locks itself automatically once it's closed!"

"A-ha... Wait! Don't tell me we won't be able to go anymore in it? What about my shampoo?!"

Izuna facepalmed himself. He didn't know should he laugh or rather cry. He headed to the receptionist.

"Hey, where are you going?" Tobi asked but didn't recive any answer.

"Hello. Excuse me for interrupting, but could you please give us the dublicate key of rooom C36?" he asked politely.

"Aren't we B36?" Tobirama asked Izuna . The raven smiled at his friend's stupidity.

"You don't even know where you are staying." the raven grabbed the keys from the female.

* * *

><p>"Can i be the first one to take shower? I am way more faster than

you and it would be pleasure using the bath after me.." Izuna teased him. "Plus that i will take a nap."<p>

"Fine" Tobirama hissed "no my fault that i enjoy bubble baths"

"Yea, but it's a problem that you're wasting tons of water and use up our resources. Did you know that we have acces to only 3% of capable water and only around 0,2% is the frinkable?!" Izuna argued.

"Yea, yea. I don't need a lecture or someone to scold me" Tobirama rolled over his eyes "To take a shower" and he pushed his friend to the bath.

* * *

><p>Tobirama was staning on the balcony enjoying the view in front of their room. You could see a deep forest. The greenery made him relaxed. He turned his head to see Izuna when he went out of the bathroom. He had washed his hair as well. He looked like a wet puppy. Izuna checked his phone if someone had called him.<p>

"Awaiting someone's call?" Tobirama suspised Ino.

"No"

"You sure?"

Izuna laughed "Why do you even ask?"

"You wouldn't stop cheking it during the whole training process"

"Yea.."

_He didn't asnwer my question.._

Tobirama tightened his fists and entered the bathoom.

* * *

><p>As soon as he was out of it he noticed the little Uchiha sleeping innocently. His breathing was so calm and now his dryed hair was covering his face. The match of pale skin and dark hair made him to look like an angel. But Tobirama mostly loved his onyx eyes. Those beautiful and innocent onyx eyes...<p>

_Tobirama Senju! Stop! Stop thinking about your friend like that!_

He hissed as the thought of Ino and him. They hadn't done on a date. hat awaiting was eating Tobirama alive. He sometimes wished that it would already happend because jealousity was awful feeling.

The Senju laid on the bed and called his brother.

"Hey Tobi. Sorry for not being able to call you earlied but i had face some problems."

"It's alright. Is everything okay?" Tobirama started to worry.

"Well... yea, but not with me. Madara is sick and thre's no one who could watch over him since Izuna's there with you"

_So Madara lied Izuna, just no to worry him?_

"Go buy him some cakes. Izuna told me he had sweet tooth" he joked.

"Whaat?! That's the last thing that Madara Uchiha would eat, he despises them"

"What?" Tobirama was surprised.

"What?" Hashirama repeated.

_So he lied me.._

"Nothing. I just called you to see how have you been doing since I haden't heard you from days. I had started to miss you, you know?" Tobi slightly laughted.

"Hahahah, I hope you're doing well. Here is chilly , and there?"

"Sunny"

"I wish you luck tomorrow. Tobi, im so sorry but i have to cancell because Madara searches for me. He threw up untill now maybe 3 times"

"Okay, take care and thanks" the call ended.

Tobirama moved his gaze over Izuna. The raven had been so happy after hearing his nii-san.

_Izuna... you're so innocent. If you dfnt out the truth you would be under the weather and even might want to go back.. I hate seeing you sad._

He sighed before turning on the TV. But it started to play with it's volume almost on max.

"Shit, shit!" he cursed.

Izuna had started to weak up, turning his face to see Tobirama.

"Mute it" he said annoyed.

"Sorry, didn't expect that" he apologised.

Izuna saw his friend's awkward face and giggled, burrying his face in the pillow once again.

"What?"

"Nothing" the raven murmled in his sleepy voice.

"Those beds are realy uncomfortable, how were you able even to

sleep?" Tobirama complained as he lifted his body, wanting to sit on his ass and back leaning on the wall.

"Tobi! Watch ou-"

***krack**

Tobirama hit his head in the decorative lamp below his bed, breaking it.

"Ouch" he rubbed the spot.

Izuna has started to laugh. "HAHAHAH! Your head is really thick, explaining why you're so stubborn!"

"Not funny!" Tobi jumped from the bed chocking The Uchiha's throat playfully "I will fucking kill you"

"Ha-ha, i am sorry" Zu said with tears in the corners of his eyes, still laughing.

_His face.. it's so beautiful and skin so soft... those lip.. that upper lip.. damn, damn, damn it..._

Slowly Izuna had stopped to laugh. He noticed Tobirama's eyes full of lust. Both of the boys had now started to breath heavily as Izuna slightly blushed. The raven would always do that, he just wasn't goot at controling his emotions. He closed his eyes, bitting his lip. Izuna's heart started to beat faster as he could feel Tobirama's hot breath on his lips, his mind going to explode. He wanted badly to be kissed by the albino but his phone rang. Hearing the ringtone was like snapping back to reality from heaven.

Tobirama backed up fast, coming to his sense as well. _Damn it._

Izuna got his phone and looked who was it. He expected to be his brother but it was Ino. He answered.

Of course Tobi understood who it was and frowned. Why would she always interupt? This time she got good timing tho.

The albino started to dress up as Izuna talked the phone. He turnd his back to see how a smile would escape the raven's face. He was so fealous..

"What did she want?" as soon as the call ended Tobirama asked.

"She just wanted to hear me."

"To hear you?"

"Yea. She's very sweet"

Very sweet? Sweet?! Was he serious?! He bearly knew her. Or at least Tobi thought so.

"You preparing?" Izuna asked, trying to forget the moment little before.

Tobirama just nodded.

"Isn't it a bit early?" Izuna asked but the Senju said nothing. Was he going to avoid him once again? It was the third time he would do that, even if they didn't kiss. Well.. they almost did. Izuna frowned too. If his friend wanted to play games, let it be so. He go up from the bed and started to prepare as well. He was going to pay it back.

13. Bar

**CHAPTER TWELVE**

**_Bar_**

"You ready?" Izuna asked his friend as he put his black jacket. Tobirama nodded. The albino had started to ignore him once again. That time Izuna wouldn't leave the things like that. Both of them walked away, meeting the boys downstais.

"Sensei said no alchohol" Hizashi warned.

"We know that" Tobirama said annoyed

"Damn Tobe, just because you are not in the mood doesen't mean you should take it on me"

Tobirama glared his friend.

"Whatever" and got in the small bus that awaited them in front of the hotel, wich was supposed to take them to the bar.

* * *

><p>"That's the place we are supposed to entertain ourselves, eh?" Ryota pointed out, not amazed by the building.<p>

"They say inside is better" Hiroshi encouraged everyone as they walked in.

And yea, it was pretty good one. It was small but big enough to fit them all. It wasn't so noisy and enjoyable music was playing on the background.

"And what, we are going to drink water or?" Hiroshi joked.

"Orange juice" Ryota joked, everyone laughed expect Izuna who was cheking his phone.

"Expecting a call from your girlfriend?" The albino teasted Izuna.

The raven glaved over him and said nothing. The rest of the males responded loudly at once with "ooohh"

"Who's the chick?" Keita asked.

"Ino Yamanaka" Tobi answeed fast instead of Izuna.

"Oh, the blond chick from your class?" Keita had now put his arm on Izuna's shoulder. Everyone was sitting in front of the bar table, as some of them purachased their drinks. "Come to think of it, we all know how she had been watching you for the last month. You are new here but yet so popular"

"Really? Haven't noticed." Izu said.

"And she's damn hot" Hiroshi added.

"We are not couple guys. We haven't been on a date even"

"Because something always pops out before making it" The Senju said as he took a sip from his drink. Izuna glared over him.

"What are you doing? You are not supposed to drink alchohol!" Izu screamed in his face.

"Calm down newbie" Tobirama teased him.

"Newbie?" Izuna frowned.

Tobirama smirked.

"I am the one who whipped your ass on my frist day!" the raven argued.

"Hm, you wanna fight?" Tobi moved closer to Izuna.

The rest of the boys were chatting between eachother and weren't concern of the two roommates.

"Auugh!" Izuna cursed "What's your problem?!

As Tobirama was about to poen his mouth, Izuna's phone vibrated in his pocket. He jumped from his seat and walked out of the place to talk because there was too noisy.

Tobirama cursed out loudly. Who could it be? Of course Ino! The albino ordered his second drink for the night and when Izuna was back he already had drank it.

"Was that another one?!" Izuna asked surprised.

"What, are you my mother? Both of them were light one"

Yes, they were but they were making Tobirama agressive. Izuna didn't want to think what could have happend if it was something stronger like vodka. The Uchiha didn't say anything back, thinking that it would be good idea if he just ignored the albino.

"What said Ino?" Tobirama asked but didn't get any respond. "You are trying to ignore me?"

Izuna didn't even bother to look back at Tobirama.

"What, you already going to fuck her? Such a whore," the albino smirked.

Izuna sharply moved his head to right, with wide open eyes so he

would face the white-haired boy.

*smack, a strong slap came across Tobirama's face.

"I can't believe you are my friend." Izuna said in calm tone, showing how dissapoined he was. "It was Madara-nii."

"Whatever" Tobirama said holding his cheek, going back to his ignore mode.

"uuugh!" Zu was freaking out. He grabbed his friend's arm and dragged him to the WC.

"Damn it Tobirama, what's wrong with you?! You always act like that! Do you change your attitude when we are surrounded by other people?! You suddenly-"

"Suddenly what?!" Tobirama nearly screamed.

Izuna had to calm himself. "I am trying to say that you are acting like a jerk"

"Jerk?" Tobi snapped "You are the only jerk here that comes back in my life, thinking everything could be like before" What was he talking about?

For sure Tobirama was drunk. The raven could smell achohol in his breath.

"You're drunk. I am wasting my time" Izuna was about to exit when his wrist got grabbed.

"Don't you dare to ignore me!" and he pinned Izuna on the wall. He whimped in protest

"You're drunk!" he screamed in his face. Tobirama pulled the raven's ponytail so his head would slam the wall.

"T-tobi!" Izu moaned as the albino had started to give him wet kisses around his neck, going down to the collarbone. The little Uchiha closed his eyes lost in pleasure. He knew pretty well that his friend was drunk and even might not know what he was doing, but no one would get harm if they shared a few touches.

Tobirama slipped his hands to Izuna's waist and put them under the raven's top, exploring each part of his naked body. Izuna wrapped his arms around Tobirama's neck as they kissed. The Senju licked his friend's bottom lip in plea for entrance. Izuna let him in without any hesitation, their tounges now fighting for domination. Both of the males moaned in pleasure. Izuna had a slight blush on his face but it turned out to take over his whole face, making it red like tomato. Tob put his leg between Izu's, making his possition better. His hands moved now to Izuna's black belt and tried to unfasten it. The Uchiha fastly opened his eyes trying to stop his friend. Yes, he was drunk but Izuna didn't want his first time to be like that.

"Tobi, wait.. don't" the raven said through pants.

His friend didn't respond and continued to do whatever he wanted. No

soon the belt was loosen enough that his jeans would be able to be removen.

"Tobi!" Izuna now was starting to panic. He struggled in attempt to get away but Tobirama's grip was way too strong.

"Shut up and let me fuck you" Tobirama cupped Izuna's face and kissed him passionately once again. The taste of alchohol could have been felt in his mouth.

"Mmmgghh!" Izuna could feel Tobirama's arm going through his pants.

"No!" Izuna screamed weakly as he was trying to get away from his friend. Was he going to rape him? Izuna wanted him, but not like that.

Both of the boys heard screams coming to the WC. Was someone fighting?

Someone entered the toilet with crack and Izuna hurried to hide himself, slamming the door behind him as he entered the toilet. The little Uchiha was shaking badly, both from panic and pleasure.

"You bastard!" Hiroshi was arguing with some random guys.

Tobirama tried act normal "You even fighting in a place like that?! People come here to do completelly diferetnt work" he glared over them.

_Different work.. work.. _Izuna thought as he leaned his back against the door. His heart pumping fast, almost ready to jump from his chest.

Both of the boys went out of the toilet, leaving Izuna and Tobirama alone once again.

Tobirama's legs were shaking and he leaned against the sink, trying to hold still.

An awkward silence spread through the room.

"You are going to stay there forever?" Tobirama asked Izuna.

The Uchiha had put his arm on the mouth not knowing should he answer.

Tobirama cursed under his breath and headed to Izuna.

"Open" he ordered

Izuna remained silent still with a big blush spread around his face. What was about to happend little before? His legs started to sheak once again.

"Izuna..." Tobirama repeated his friend's name slowly and soft.

The raven didn't want to show himself. After what had just happend Tobirama would delete the raven from his friends list. He was never ever again going to talk with him. Izuna's heart shrank bu that

thought. Why did it have to be so hard? He liked Tobirama more than he should. And it hurted. It damn hurted.

Izuna could hear the albino hissing and slamming the door leaving.

Izuna let out a loud and long sight. His eyes got teary. He didn't know what to do.. he wanted so badly to go home and cry in Madara's arms. But he whipped away the tears and went back to the bar, pretending like nothing had ever happened.

He didn't see Tobirama. Where was he?

"Oh, you didn't know? He got a taxi and went back to the hotel because he didn't feel well" Keita said.

Izuna bit his lip. Things had gone bad... what was he supposed to do? He didn't want to think for the consecuences and left everything to the fate.

14. Day3&4

**CHAPTER THIRDTHEEN**

_**Day3&4**_

"Changes in the plan. Two boys of the opponent's team had injured during their training." without even being able to finish his sentance, Keita bursted out in laugh.

"Silence!" sempai shouted.

"Sorry, sorry! It's just ridicilous!" Keita tried to calm himself down.

"So, I wanted to tell you that one of you must not attend. 8vs8. Any volunteers?"

Tobirama raised his arm. "Me"

Izuna, who was standing next to him, turned his head to face the Senju.

"What?! You are my partner, it wold be better if Keita volunteers, since Sakurai was his parner and he didn't attent. That's how no teams will be separated!" Izuna almost screamed but Tobirama ignored him once again.

"You are right Izuna" their trainer pointed out "but snce everyone knows that teammate is the most important tactic in that sport, swapping your prarner won't be any problem."

Izuna bend his head and closed his eyes cursing.

"Boys, as we have discussed that, now get to the bus and let's go beat some asses!" he enthuastiacly screamed.

"You're horribly emotional sensei" Hiroshi joked.

* * *

><p>As everyone was about to enter the vechiacle Izuna spoke.<p>

"Are you not coming because of last night?" Izuna asked in higher tone. "Because we almost f-" and before being able to finish his sentance , Tobirama gazed Izuna and shouted in his face. He still had a bit of hangover, so he didn't want to deal with any bullshits.

"NO!"

Izuna wide opened his eyes. Did Tobirama just shouted at him? Before being able to think of a comeback, the albino had already headed to their hotel room. The little Uchiha felt like crying. Why would his friend act like an asshole?

* * *

><p>On the way to the place, Izuna would talk nonstop with Madara.<p>

"How are you?"

"Perfectly fine, and you *cough*"

"You don't seem perfectly fine to me nii-san.. I hope you are not lying to me.."

"I am not. Hashirama is here and takes care of me."

"Really?" Izuna let out a happy sigh "I am happy for you"

"What's wrong? You under suspense?"

Izu chuckled. "No, it's not that... we just don't get along with Tobi.."

"Want me to talk with Hashirama?"

"No!" Izuna nearly screamed. "Please, don't" The raven didn't want to look as a weak little Uchiha, who whined to his nii-san for every single thing.

Madara laughed "Okay, okay, do not panic. Do your best and call me right after your win"

"It's not sure that we would win" Zu smiled.

"Having an Uchiha in any team, immidiately leads victory."

"Sometimes you should lack of pride, you know?" Zu said with a dumb smile on his face. He had started to miss his brother so much.

"Didn't you arrive anyways?"

"Yea, the bus just stopped. Have to go. Bye and take care please!" it

was a plea.

"I will. See ya here"

* * *

><p>Tobirama was sitting on the corner of the bed with his head in palms.<p>

_Tobirama.. you are causing only problems. You must get away from that boy. I am losing control ... Bad... tonight i will ask to swap rooms with someone and go sleep there. I can't let my guard down. _he stood up and looked himself at the mirror. He was so angry, that he had to punch something. _Damnit Tobi! Calm down... _He decided to call his broher. Whenever he talked to him, his dorky anii-ja would always brithen the day.

"Hey Tobi, aren't you competing?" Hashirama was surpised by the call of his little brother.

"No, I didn't attend" he said through clenched teeth

"Why?! Did somethin happend?!"

"No, it is just that we were overcast and someone had to volunteer in not attending"

"But you had been preparing for that day for ages! Is it because of the fight with Izuna?!"

"Wha? What fight?"

"Madara told me Izuna had been upset with you."

"Oh, he had?" Tobi said in sarcastic way.

"Is there something wrong?"

"No, not at all" the albino smirked. "But it seems he whines about everything to his nii-san"

"Hey, you know they have no family!" Hashirama argued

_tch _Hashirama frowned.

"Ei, when you are back what do you want me to cook you?

"Better nothing. You will set the house on fire" Tobi joked.

"Hahahaha, i am willing to cook, you know?!"

"What a disaster" Tobi chuckled.

"Tobi, have to go. See you again on Sunday"

"Kay, see ya"

* * *

><p>"Izuna, my son, whats wrong with you?! You are distracted! Get focused or we will loose!" the trainer scolt the little raven.<p>

"His mind is busy wih his girlfriend~" Hiroshi teased.

Izuna smiled at the stupidity of his friend. The truth was far more different. His mind was focused on one certain boy.. Tobirama..

"I am sorry" the raven said as he went back in the game.

* * *

><p>Tobirama gazed over the clock. The competition had started already and around a hour had passed. They would end soon, but considering to the way back home, it will take them a hour more. The albino took his mobile phone and left a message to Ryouta, the dorky mate, suggesting a swap, because his bed was too rough to be slept on. Yes, it was rough but that wasn't the main reason to do it.<p>

Tobirama packed his sack and asked the receptionist if she could give him the second key of their room. As soon as he entered the room, he left his belonging and changed himself. The weather was humind. It was soon going to rain, but good enough for one long walk under those black and chubby clouds.

* * *

><p>"Izuna! We will loose!" Hiroshi yelled.<p>

"Yea, get out that blonde of your head" Keita joked, a bit pissed because they had started to suck.

"... when will we end this and go back to the hotel?" the Uchiha asked.

"Got a half hour more. Don't whine, you will go to rest newbie" Sakurai said.

Izuna frowned.

* * *

><p>Izuna walked in the hotel room, seeking for Tobrama. Unfortunately, he wasn't there and the raven's expression changed to sad immidiately. He had waited for so long to come back and be with the albino. But where could have he gone?<p>

Izuna walked over his bed, to take the clothes wich have been left there due to the rush.

"What clothes.. i stink.. i'd better shower" he whishpered to himself.

As he headed back to the bathroom he noticed that Tobirama's suitcase was gone. Were they robbed? No, that's ridicilous. His golden watch was untouched, plus that who could rob you in a hotel room? Yea, the maids but you could always complain and get back your things. No one else had the keys. Had Tobirama gone back home? Migh have, but even

then the raven would have found out. The only possibility was that he had moved to another room.

Izuna shoock his head, trying no to believe to his thoughts. He bit his lip. Why Tobi would do such thing? Suddenly someone knocked on the door.

"Tobi!" Izuna whishpered to himself. He fasly oened the door and his eyes got widen. "Mika?"

"Yo! Tobe is staying in the apartament with Ryouta for the night. They sent me to you"

Izuna sighed. "Come in"

"I am just going to change my clothes and go downstairs. Everyone is going to party. Girls would come too"

Izuna nodded as he closed the entrance door. He entered the bath.

"You not coming?"

"No" The Uchiha answered as he unlosed his ponytail, hair now falling to his shoulders.

"Aw, okay. You know everyone is coming, would be boring without you" his new roomate answered as he already was in his new outfit.

Izuna smiled. The boys were so kind.

"Take care" Mik told as he walked away. The Uchiha entered the hsower as he turned the water on it's hottest state. He started to sob quietly.

"So, it's true.. i really do love that jerk" he held his face in his palm, ashamed of his feelings.

"Izuna, you are so pathetic. He might be avoiding you, because he doesen't feel the same towards you.. and those kisses might have been just some tease" his sobs got louder "that albino... he is playing with my heart"

* * *

><p>8pm

Izu was already in his casual clothes, lying on the bed with his hair on bun. He burried his face in the pillow, enjoying it's fresh smell. He smiled. He was so tired of the competition today. The raven's eyes had started to close by themselves and no soon he fell asleep.

* * *

><p>8:05pm

"Aren't you a bit early, my son?" sensei asked Tobirama who sat beside him on the table.

"I was walking outide till now because i had nothing to do, but it

started slightly to rain so i came." he answered as he purachased himself a shot.

"Vodka?" the teacher exclamaiced surprised "You seem a bit bothered. I hope you're not upsed that i didn't take you today with us"

The Senju chuckled. Yea, might have been so, because Hashirama had told the truth. He really awaited that day to beat Kiri's asses. "You're far away from the truth."

"Oh, don't tell me you have love problems!" the traner smiled. He was happyly surprised because Tobi would be one of the most reserver students he had.

"Kind of" the abino took hi8s first sip

"Heheeh, don't get down! Love is a difficult thing. You may not always succed in it, but as long as you do, even then the problems won't end. You have to believe in yourself and your partner in order the relationship to survive." the man tried to enourage him.

"Thanks sensei. I'd consider it" Tobi smiled softly as he took,now, the last sip.

"Ohohoho, no problem! You and Izuna resemble eachother in some ways, you know?" the sensei smiled.

Tobi raised an eyebrow "That came from nowhere"

"HEHEHE! I am getting so excited! Youth! He has the same problems as you, i think?"

"What?" Tobirama's curiosity raised.

"Today we nearly lost. He wouldn't stop to think of his girlfriend"

"A-ha" Tobi clenched his teeths as he ordered his second drink.

* * *

><p>8:30pm

Everyone had already arrived and the party had started. It took place in the hotel's restourant. Everyone was cheering the win of the aikido team from Konoha High School. Tobirama was already durnk, badly drunk. Sakurai and Mika were suprised, because their friend had never acted like that. Had something happened? The albino had stared to flirt with every second girl he saw. The boys tried to stop him from any more alchohol but without any succes. They thought it would be for the best if the call Izuna.

* * *

><p>9pm

The Uchiha was already awake due to the noises comind from downstairs. They seemed to enjoy a lot. He watched TV, where to the news the aikido win was mentioned. He turned it off as he took the book he had taken with him. Some historical one. As he was about to

continue reading his 236th page, his phone vibrated. Was it Mada?! Oh, he had forgotten to call his aniki! The raven stretched his arm lazily, grabbing it to notice that it was a message from Keita.

_Get down here Izuna, got problems with Tobe_

Izuna sighed as he put on some jaket. Taking the lift, he fastly arrived at the restourant. He waled in the place, where everyone was dancing and it was made now as a disco. Izu looked around fastly, his gaze seeking Tobirama. He noticed his friend laughing with some girl. He immidiatelly frowned by the view in front of him.

The Uchiha felt someone touching his shoulder. It was Keita.

"Man, your bestfriend is so so drunk. Take him upstairs to your room" Keita had blush over his face.

"Man, you drunk too." the raven sighed. Why did they have to drink so much? At least Keita was thinking normal. Izuna walked over Tobirama.

"Come one, lets go"

"Ooooooohh! Look who he have here" the albino said with a big grin on his face "the playboy~" it was more like a tease

"What are you talking about?"

Tobirama just laughed. He was pathethic. Izuna rested his friend's arm on his shoulder as they walked away. "You are pathetic" Izuna spoke.

"Ahahah!" as soon as they were out of the place Tobi roughly separated from the raven. He held his stomach.

"You are going to throw up?!" and within a second he already did that.

"..."

"Damn it! Get in the elevator, or no! Better no! Get on the stairs, we walking to the 3rd floor."

Tobirama would still laugh, even with some puke on his face.

"Disgusting! Don't open your mouth damnit!" Izuna felt like he was a babysitter.

The Uchiha helped his friend to walk to the room.

"Hold still, don't throw up" Izuna didn't want any more puke "as soon as u enter, go in the toilet and do it there, u understand?"

The Senju had leaned himself on the door, smiling like a jerk to Izuna. "Do you really like Ino so much?"

"Tobi, not now, please. You're so drunk" Izuna said as he unlocked the door.

"Go."

His friend didn't move.

"What now?" Izuna said in annoyed tone.

"I lov-" and beore being able to continue he felt another blast of throwing up coming so he hurried to enter and got on his knees, head below the toilet seat.

"Disgusting" Izuna felt like throwing up. He opned the windows so some fresh Air wold enter.

"You'd better go shower and brush your teeths" the Uchiha said.

"Hahahah, shower? I can't even stand on my legs. The world is spinning and so you do with my head~" The Senju was obviously drunk.

"Get undressed, i will help you" the couldn't believe even himself. Izuna blushed.

Tobirama did as he was told and no soon he was left naked. Only with his boxers.

"Boxers?"

"What?"

"We are both boys.. whatever you have i have too" Izuna said annoyed.

Tobirama removed and his boxers.

Izuna turned back to take the shampoo. Tobirama now fully naked, had leaned his back to the wall. Due to the fact that the albino was taller than Izu, he had to tilt his head.

"Your shampoo smells really nice" Izuna complimented "I see why 'd bring it" it was aroma mix of honey and milk.

The Uchiha smiled as he started to apply the shampoo on his friend's hair. Tobirama felt dizzy and was completely calm. He stool still as his friend took care of him.

When the raven was done he showered the bubbles.

Tobirama frowned.

"What's wrong?" Izuna asked.

"My head.. it's spinning"

"You shouldn't drink so much"

"I usually don't" the albino said as he closed his eyes.

Izuna chuckled. He grabbed the soap and started to rub it all over Tobirama's body.

He started from the neck, down to the collarbones, to the shoulders and arms.

Izuna could feel each muscle getting tense. The Senju had really some amazing body. He slightly blushed, thank god Tobirama was with closed eyes.

The raven went back to the collarbones, going down to the chest, his blush getting darker as he reched the stomach and finally the V-line.

The Uchiha could feel Tobrama's breath getting tense with each touch of his.

"Izuna... Izuna.." the albinno repeated over and over his name softly.

Izuna lifted his head to see Tobi's face all covered in blush, eyes slightly open. Without even noticing Izu's hand had slipped down to his friend's member, touching it weakly.

"You're so hard.." Izuna felt his heart beating fast.

All what could do the white-haired boy was to pant. He threw his head backwards.

"You like it?" The raven asked almost whispering. He didn't receive an answer so he had started to move his hand faster. In response Tobirama started to shake. Izu hoped that his friend was drunk enough, so he wouldn't remember this moment.

The raven noticed how Tobirama's body had started to move itself due to the heavy breathing. The Uchiha lifed himself on his toes, now being at the same level as his friend. They eyes met. Red and black. You could have noticed the lust in both of the males. And no soon their lips had crushed. Starting from the corner of the lip, slowly moving to it's centre. Tobirama cupped Izuna's face and answered the kiss with a tounge, moaning.

"Mmmhh..." a stone came out of his mouth as Izuna continued to play with his member. They broke the kiss in need of Air, leaving a think connection between them of saliva.

Tobi pressed his own forehead towards Izuna's. His pants got rapid.

"Tobi?" Izuna asked, looking with his curious black eyes.

Even drunk, the Senju knew that this was wrong... but he wanted it so badly.

"Izuna.." he bearly said his name.

"...?"

"Touch m-me .. fa-ster.. nghh!" Tobirama squeezed Izuna's hair. The Uchiha didn't need to be told twice. He started to pump it faster and faster.

"Ah,ha... ha.." he was about to cum.

"Do it" said Izuna as he licked his friend's cheeck.

"Izuna!" he quetly screamed his name as he came.

Tobirama panted as he grinned "You brat.. we never finished what we had started in the bar.."

"Wha?!" and Izuna was pressed on the wall once again. The raven felt his friend's member getting hard again. The albino started to remove Izuna's clothes, loosing the bun wich Izuna had made to his hair.

"Your hair is so soft" Tobi purred in his ear.

Izuna blushed, his heart beating fast. Were they going to do it for real? But Tobirama was drunk.. even worse than last night... Izuna bit his lip as Tobirama started to leave wet kisses down his neck. Izuna now shirtless, moved his hand by mistake and turned the shower tube, making both of them wet.

"Impatient?" Tobirama smirked.

Oh how that attitude made Izuna sexy. He loved how Tobirama could change from kind, to agressive and cold, to completely hot mess.

The raven wrapped both of his arms around Tobirama's neck, pressing their bodies to eachother.

"Mmmm.. you're so irresistable.. with that water flowing.. you're like a wet kitty~" Tobirama whishpered in Izuna's ear as he licked it and weakly bit.

Izuna shivered by that.

Tobirama's arms moved down to Izuna's member. He started to touch it through the fabric.

"Ah! Tobe..mmmmghh" Izuna had started to pant.

"You like it?" Tobirama asked as he roughly squeezed it.

"Put-put your arm inside my pants" Izuna begged.

"Beg me" he said with a wide smirk on his face. He was a real devil.

"Please, please" he pathetecly begged.

"Please what?" the white-haired boy teased.

"Touch me!" he kissed Tobirama from no where.

"Heh" Tobirama chuckled. He moved his hand inside Izuna's pants, now grabbing his friend's member.

"Tobi!" Zu slightly screamed as his private parts were explored by the boy he loved. He knew what would be followed after the handjob.. and he was scared.. he didn't want his first time to be like that.

Yes, Izuna was a virgin and Tobirama was completely drunk, not even knowing what he was doing.

"You're talanted down there" The Senju said as he started to pump faster and faster, making Izuna nearly to his ends.

"Ah.. ah.. ha..." Izuna continued to pant patheticly.

"Moan my name" the albino ordered.

"Tobi! Tobi... ah ha.." Izuna was near his end. No soon he end with a loud yell in Tobirama's arm, as the Senju left a hickie on his neck.

"Ho- ho, you have made dirty both of us" the Senju chukled in devilish way.

Izuna bit his lip, being scared of what might happend next.

"You drive me so crazy when you bit that beautiful lip of yours~" He kissed Izuna once again, bitting his bottom lip so rough, almost tearing it apart as blood started to drown. The Uchiha gasped in response.

When Tobirama pulled away he did nothing. Was he back to his sense? Izuna's heart twitched. He knew what would happend if he understood the situation.. ignoring and ignoring.. his ignore mode would be on max lvl.

"Izuna.."

"Yes?" Izuna answered fast, hoping that things would end different.

Tobirama hugged his friend as he strocked his hair. "Are you virgin?"

Izuna slightly nodded.

"Let's not continue, okay?"

Izuna was left speechless.

"Wh-why?" he bearly managed to ask.

"I don't want your first time to be like that.. you might not even want your first time to be with me" Tobirama smiled as he burried his face in Izuna's shoulder.

Did Izuna hear right? Did Tobirama care for him? He nearly cried. He felt so happy. He sobbed quetly. Tobirama pulled away, grabbing Izuna by the shoulders.

"Are you okay?!" the albino asked with so much concern.

"Y-yes.." Izuna said as he tightly hugged his friend.

Tobirama laughed loudly.

It was unbeliavable how much they resembled with Hashirama, even if

he was drunk. Izuna wondered would they Hashirama act like the normal Tobirama when he was dumb?

The Senju whipped aways the tears of his friend and kissed his forehead. Izuna couldn't believe how kind and caring this male could be. He blushed.

"Your breath still stinks of alchochol"

"Hahaha!" Tobirama had started to act like a jerk once again, leaving the sexy-beast mode in the past. But his legs wouldn't listen him and started to shake.

"You'd better go and lay to the bed."

Tobirama nodded.

* * *

><p>10:30pm 

The Senju now was lying to his bed, as Izuna prepared a "coctail" for him.

"Drink it"

"Whaaat's thaat?" Tobirama asked in a childish way.

"A mix of water, milk and salt"

"The fuck?!"

"It will prevet you from hangover in the morning. Just drink it" Izuna said, smiling at the stupidity of his friend. Whenever he acted like that, he looked so adorable.

"Mmm.. it's actually nice~!" said the albino as he drank it.

Izuna chuckled.

"Where will you sleep?" Tobirama asked.

"In my bed?" the raven raised an eyebrow.

"Noooooo!" Tobi yelled.

"What happened?!" Izuna asked as in rising tone.

"Come next to me~" Tobirama protuted. The Uchiha blushed. Was he serious?!

"I don't think it is a good ide-" before even being able to finish, Izuna was pulled by the arm and thrown on the bed besides Tobirama.

"Tobi! Wha!" and he was pulled into a tight hug.

"You're so soft~"

"You're starting to scare me..." Izuna said as he tried to pull

himself away from Tobirama.

"Hahah... not that we didn't almost fuck!" he joked

Izuna blushed.

Izuna's phone rang. He moved his gaze over to see who was it. Ino. He choosed not to pick up, because he awaited Madara's call and right now he wanted to get information from Tobriama.

"Tobi..." Izuna whispered his lover's name.

"M?" Tobirama was with closed eyes, his arm wrapped around the back if Izuna's neck.

"Why would you ignore me?" Izuna hoped that a drunk Tobirama would be honest.

The phone rang again.

"Damnit, pick that thing, It makes my ears bleed"

Izuna picked it and shut it.

"Why didn't you answer?" Tobirama asked.

"Don't avoid the theme.."

"Oh, you think because i am drunk you can get information from me" the albino laughed. Damn, he was cunning even drunk.

"That's not true!" Izuna lied.

"I don't know really... sometimes you make my heart pump so fast, and then the second minute, you stab it with the sharpest blade.." Tobirama sighed.

"What do you talk about?!" Izu snapped as he lifted his upper body a bit, now his arm resting on Tobirama's chest, both of their eyes gazing.

"Mmm... I am tired. Let's talk another time kitty~" Izuna's eyes widen by the nickname that his crush gave him.

"No, don't fall asleep.." and Tobirama had already fallen asleep..

"Damn you Tobi! Damn you alchohol!" Izu had lost his only chance. He frowned because the only way to get some information was by Tobi being drunk. He hopped tomorrow his friend wouldn't ignore him. The raven knew there was no chance to talk about that theme.. maybe never again..

><p>morning*

Tobirama woke up with a big headache.

"Nnnghhh..." he held his head. "What happened last night?" he moved

his look to the bed next to him where Izuna was sleeping. "The fuck?!" he snapped.

Some scenes appeared in his mind as he facepalmed himself. That shower... was it a dream.. or.. reality? He cursed. He promised himself never to drink again. Never to touch alochol, never to look at a bottle with alchohol.

Izuna woke up as well.

"Morning.." he said quetly, hoping Tobirama wouldn't ignore him. Well... the albino just gazed over the Uchiha and said nothing.

"What's the time?" he asked.

"8 am..." Izuna whishpered looking at his phone.

"We should get dressed because we will leave soon" Tobirama ordered.

Izuna nodded as he got up and walked in the bathroom to get himself ready. A tear could have been noticed at the corner of his eyes. So.. the reality came once again. Tobirama was back to his normal state. He just hoped that the albino wouldn't remember what happened last night..

As Izuna walked in the bathroom, Izuna's alarm rang.

"Could you stop it pelease?" Izuna asked politely.

Tobirama walked over the raft where his friend's phone was and stopped it. He noticed on the notifications that he had 8 missed calls. Tobirama got curious and opened to see who it was without any permission. Ino Yamanaka. He hissed.

Izuna walked out of the bathroom. "What are you doing?" he asked raising an eyebrow.

"Your girlfriend searched for you like 10 times" Tobirama turned to face Izuna.

"Yea..."

"Why didn't you pick up?" Tobirama walked towards Izuna to give him his phone, "Call her."

"No, it's too early, Plus that last night i was doing something more important and wasn't able to answer her,"

"More important?" Tobirama asked with a frown.

"Yea.."

"Tch,whatever" the albino walked into the bathroom as he bumped Izuna roughly by the shoulder with his own.

Izuna turned his head to face Tobirama who closed the door behind him. The Uchiha closed his eyes, hoping that everything will be

alright once they go home. He was going to see his aniki and everything was going to be alright. Izuna was going to sob into his anikis arms. Then everything was going to be alright... alright...

Izuna let out a long and loud sigh.

"Everything will be alright... alright..."

**CHAPTHER FOURTHEEN**

_**Sunday**_

**Uchiha***

"Aniki, I am home!" Izuna screamed happily as he entered their house.

Unfortunatelly, no answer came back. Where was his brother? He opened slightly Madara's room. He was sleeping peacefully.

Izuna didn't want to bother his brother, but the elder Uchiha had already woken up.

"You're already home?" Madara said in his sleeping voice as he opened slowly both of his eyes.

"Yes" the raven walked towards his brother's bed where he sat on the corner of it. "You seem pale.."

"Really?"

"Did you go to see a doctor?" Izuna had started to worry for his brother so much. His biggest fear was the opurtunity if Madara had cancer, same as their mother did.

"Yea"

"And?"

"We are waiting for the results."

Izuna hugged his brother tightly. He closed his eyes as a tear rolled down over his cheek.

"Are you alright? *cough*"

"Nii-san.." Izuna couldn't hold his tears anymore and sobbed.

"What's wrong?!" Madara pulled away from his little brother, holding his shoulders, looking straight into his eyes.

"I am scared, so scared.." Izu whispered.

"Zu, there's nothing to be scared of. Did something happend?"

"What.. what if you are sick of the same disease as mother? What if you.. what if you-"

"Don't think of it. I am not sick of cancer. I won't die. Even if i do, youre big enough to take care of yourself." Dara joked.

"That's not funny!" Izuna weakly screamed. Madara whipped away the tears from his beloved brother and kissed his forehead.

"Have you eaten?" Madara asked. Izuna shook his head in response as "no".

"Come, let me cook you something."

"I want to do it, please."

"As you wish."

Both of the males walked away from the room, heading to the kitchen.

Madara sat on the table as he waited his brother cooking.

"I am going to do omlette. It's fast and delicious" Izuna said as he grabbed six eggs from the fridge. Madara nodded.

"So, how was the competition? I found out you won. You didn't call me."

"Yes, I am sorry. Many things happend" Izuna said as he cracked some of the eggs.

"Like?"

"Well.. it's a long story but we argued few times with Tobi. I have told you already."

"Yea.. you two not getting along? Sorry if i shouldn't have asked Hashirama last time to bring him with himself"

Izuna blushed slightly when he remembered what happend that day.. the couch.. the kiss..

"N-no problem."

"Was it hard winning?"

"No.." Izuna whishpered.

"You seem a bit weird. Did something more happend?" Madara had been started to be suspicious.

"No.. but.." Izuna wanted to share so badly what happened but something had told him better no to "I have a friend and.."

"And?" Madara now turned his head to face Izuna. The young Uchiha turned back, facing Madara.

"I have a friend that has some.. crush problems.. Let's say .. um... He has crush one someone.. and that someone would act with him good, like they are best friends, even brothers, why not lovers? But the second minute it's completely different. The preson becomes cold and ignores him.. and that friend of mine... is confused and doesen't know what to do.. shall he confess or it would be a waste of time.."

"Well Izuna.. maybe that person is just playing with his feelinds." Madara suggested.

Izuna's eyes got sad. "You think?" his heart shrank.

"Or option B is that he has some feelings too but doesen't want to get in relationship. You know sometimes we avoid love due to the fact that we are too scared of being betrayed"

Izuna nodded "Good point" that have him a little bit of courage.

"What, you have become a love doctor?" Madara chuckled.

Izuna giggled. "I wish.. so then i could understand people's feelings." Izuna sighed.

"It smells nice, you are a great cook" Mada pointed out.

"Thanks." Izuna smiled.

"Oh, otouto, by the way tomorrow i won't be coming home. We are going with Hashirama in some friend's house. You not mad?"

"Are you sure you're okay to do it? I mean.."

"I am not sick, i wont either die" Madara laughed.

Izuna put the now ready eggs in two different plates and headed to his brother,where he put them and sat beside his aniki.

"Please.. be carefull.. You're the only person that god had left me.." Izuna let out a nostalgic smile.

"I promise." Madara petter Izuna's hair as he grabbed his fork and started to eat.

><p>Senju*

"Hey.." Tobrama greeted his brother as he walked inside the house.

"Ooooh, Tobi!" Hashirama screamed enthusiasticly. "I had started to

miss you!"

"Yea.. no one has to do the laundry.." Tobirama smirked.

"Ahahaha! Ye.." Hashirama got depressed.

"Don't make such expressions. I am already here" Tobirama smiled.

"Come, look what i have cooked you!" Hashirama welcomed his brother showing the table, being laid.

"Looks really nice?"

"You seem confused?"

"You really did that?" Tobirama was amazed by the fact that Hashirama could cook. He would have set the house on fire.

"Yea. Madara learnt me. He gives me free courses. But you know Izuna is the best cook!" Hashirama spotted.

"..." _Izuna.. Izuna... tch_

"Is there something wrong?" Hashirama asked his brother.

"No, lets get eating. I am starving"

Hashirama nodded.

Once they were on the table, Tobirama had started to eat as fast as possible.

"Wooooooo! Slow down my buddy."

"It's really delicious, you know. How could you learn justfor 4 days to be such a master?" Tobirama raised an eyebrow.

"Hahahha!" Hashirama laughed loudly. "Oh Tobi, before i forget.."

"Yes?" Tobirama lifted his head to face Hashirama's eyes.

"Dad is coming to visit us next week."

"Why?" To be told the truth Tobirama wasn't happy at all. He couldn't forgive their father, Butsuma Senju, for leaving both of them living alone and Hashirama taking care of Tobi. Was work so important? Tobirama was a family person. He would give anything for his family and the one he loves. Well... their father was a bit of material person and would care only for the money. That's why they had the best company about wood industry. Tobirama frowned.

"Don't know. He said he had some appointment here, so he would come and see us"

"And mom?" the albino had loved his mother way more. He admired her. She had been such a strong person. Their father was a bit of reserved, cold and strict. And by strict, he ment strict a lot. The white-haired boy would want his mother to come instead. He missed her

laugh, how cheerful and positive she would be. Always caring for her childern.

"Mom.. she won't come"

"Aha" Tobirama nodded. Sometimes he wished their father would divorce her, so their mom would be free. Butsuma was jealous, jealous a lot. He envied each man that looked at her. Well.. their mother was a real beauty, so the poor males were not the one to blame. Butsuma would always control her..

The albino sighed.
